Kawcitylibrary@yahoo.com
Service Provider: Windstream Communication Inc. (SPIN# 143030766)
Funding year: 2015
Form 471 Application #995388, Applicant's Form Identifier 983334
FCC Form 471 out of deadline

Appeal Explanation:

Upon completion of the form 470 where we had requested having the high-speed internet connection as well as telecommunications services in the Kaw City Public Library. Due to miscommunication we were led to understand that we had already been approved for the funding that was needed for the installation and monthly service cost associated with the high speed internet service.

When it came time to complete online the form 471 we only asked for the telecommunication service to be covered again we were under the impression that asking for the high-speed internet cost to be covered was not needed as it had already been approved under the form 470. We now know that this was not correct we have completed a paper form 471 and mailed to USAC where we received a rejection letter for being outside the window for applying for funding. This is why we are writing an appeal to have this reviewed as if it were inside the window timeframe and approve the funding that is needed to cover the monthly cost of the high speed internet service as well as the telecommunication services that have been asked for when we filed the paper form 471.

Sincerely,

Diann Decker
