Functionality in Emergency Situations

Back-Up Power

Our system has power supplies strategically located throughout the HFC system. These power supplies will provide power via batteries for approximately 5 hours and will also provide power via generators for as long as we have natural gas. The Municipal Electric Utility also has a diesel generation plant that can carry the towns load if the City was to lose its power supply.

Rerouting of Traffic around Damaged Facilities

Laurens has a fiber ring throughout the community. This fiber ring provides redundancy. Laurens is also on a fiber ring that connects us to Long Lines in Sergeant Bluff, Iowa. This fiber ring also provides redundancy.

Traffic Spikes

Our system has plenty of switching capacity and transport capacity to handle simultaneous calls. Laurens currently has 610 active phone lines which is only 4% of the number of calls our switch can handle at any one given time. Transport is on a fiber ring with redundancy.

Laurens Municipal Broadband Communications Utility

Lifeline Terms and Conditions

Laurens Municipal Broadband Communications Utility (the “Company”) offers Lifeline program-supported service to qualified low-income residential consumers for one telephone line per eligible household. The Lifeline program provides discounts to eligible low-income consumers to help them establish and maintain telephone service. Lifeline assistance lowers the cost of basic, monthly local telephone service. Eligible consumers can receive \$9.25 per month in discounts. In addition, the Federal Universal Service Charge is not assessed to consumers participating in Lifeline. Toll blocking prevents the placement of all long distance calls for which a subscriber would be charged. Toll blocking is available to eligible consumers at no cost. Also, by choosing this option, consumers are usually not charged a deposit.

Lifeline Program Eligibility Information

Program Based Eligibility

Consumers are eligible for Lifeline if they, one of their dependents or their household participate in one of the following qualifying assistance programs:

The Company's Voice Lifeline service includes unlimited local minutes-of-use within the toll-free calling area. The Company's Voice Lifeline Plan does not include any free minutes-of-use for toll. Toll is billed at the standard toll rate depending on which interexchange carrier the consumer subscribes to for toll service. As part of the Lifeline service, Toll blocking is available to eligible consumers at no cost.

Rates

Subscribers may receive the Lifeline credit on any type or grade of local service, including bundled services that are normally offered by the Company. Advertised rates do not include any applicable taxes or surcharges.

Recertification of Lifeline Eligibility

Lifeline recipients are required to recertify their eligibility annually. Failure to properly recertify a recipient's continued eligibility for the Lifeline program will result in termination of the Lifeline recipient's monthly Lifeline discount and de-enrollment from the Lifeline Program.

A household is defined, for purposes of the Lifeline program, as an individual or group of individuals who live together at the same address and share income and expenses.
