MINUTES
of the
LEGISLATIVE CONSUMER COMMITTEE
March 13, 2012
State Capitol, Room 137, Helena, MT

COMMITTEE MEMBERS PRESENT
Senator Terry Murphy, Chairman
Representative Pat Noonan, Vice Chairman
Senator Mitch Tropila
Representative Mike Cuffe

STAFF PRESENT
Robert A. Nelson, Consumer Counsel
Heather Voeller, Secretary
Paul Schulz, Rate Analyst
Mary Wright, Attorney
Larry Nordell, Economist

VISITORS PRESENT
Cathy Duncan, Legislative Fiscal Division
Bonnie Lorang, Montana Independent Telecom Systems (MITS)

CALL TO ORDER
The meeting was called to order at 1:00 p.m. by Senator Murphy.

MINUTES OF THE PREVIOUS MEETINGS

MOTION: Representative Noonan moved approval of the December 12, 2011 meeting minutes.

SECOND: Representative Cuffe seconded the motion.

VOTE: The motion passed unanimously.

BOB NELSON PROVIDED THE FOLLOWING HIGHLIGHTS OF CASES CURRENTLY PENDING:

D2011.5.41- NWE - Application for Preapproval of Acquisition of Spion Kop Wind Project – After the Committee's last meeting, a hearing was held and in February the Commission issued a final order approving this wind project and its

HIRING OF EXPERT WITNESSES

Bob described the following dockets and requested hiring the following expert witnesses:

D2012.1.3 – NWE Application for Approval of Avoided Cost Tariff Schedule: *John Wilson*

D2012.3.25 – NWE Battle Creek: *George Donkin*

D2011.9.76 – Annual EWM Gas Cost Tracker: *George Donkin*

MOTION: Representative Noonan moved approval to hire the services of the expert witnesses.

SECOND: Representative Cuffe seconded the motion.

VOTE: The motion passed unanimously.

PUBLIC COMMENTS

Representative Cuffe gave a brief overview of the problems that Tobacco Valley Communications (TVC) has been having trying to receive the local ABC station out of Missoula instead of Spokane. This is an FCC issue and the parties involved are talking at the federal level now. Bonnie Lorang, General Manager of Montana Independent Telecom Systems said that for about 40 years TVC has been getting its local programming through NBC, CBS and ABC out of Missoula through retransmission agreements with the networks. This year when TVC tried to renegotiate the agreements, there was no problem with CBS and NBC stations. However, when they went to the local ABC station in Missoula they were told that Missoula would really like to renegotiate, but can't get the authority from Spokane. If the ABC affiliate in Spokane would give Missoula the go ahead then they could continue the retransmission. The problem that they ran into was that Spokane told them they could run the transmission through Missoula but then TVC would also need to take the Spokane transmission resulting in TVC having to pay twice for the ABC station. This is unaffordable to TVC and the rate payers in Lincoln County. The FCC has a provision that allows "out of DMA broadcasts" for cable systems with less than 1,000 subscribers which would include TVC. Mr. Wilson, General Manager with TVC is in Washington DC speaking with the FCC and trying to get this waiver. If this matter isn't resolved by March 20, the ABC programming on the TVC network will go dark. TVC, Bonnie Lorang (MITS) and Representative Cuffe would like the Committee to write a letter to KXLY, the ABC television station in Spokane, Washington, asking for a minimum of a 30-day extension to allow time for a FCC determination of the DMA Market Modification to keep the Missoula ABC network

airing in Lincoln County. They are hoping that if it has the Committee's backing they may have a better chance of getting the waiver.

MOTION: Representative Cuffe moved that the Committee draft a letter to KXLY ABC in Spokane Washington.

SECOND: Senator Tropila seconded the motion.

VOTE: The motion passed unanimously.

NEXT MEETING

The next meeting will be scheduled for June.

ADJOURNMENT

There being no further business to come before the Committee, the meeting adjourned.

Respectfully submitted,

_____, Robert Nelson, Consumer Counsel

Accepted by the Committee this _____ day of _____, 2012

_____, Chairman.

FCC MEMORANDUM OPINION AND ORDER IN THE MATTER OF MMM LICENSE LLC

Before the
Federal Communications Commission
Washington, D.C. 20554

In the Matter of:	)	
	)	
MMM License LLC	)	
	)	CSR-5837-N
For Waiver of §76.92(f) of	)	
the Commission's rules	)	

MEMORANDUM OPINION AND ORDER

Adopted: October 18, 2002 **Released: October 21, 2002**

By the Deputy Chief, Media Bureau:

I. INTRODUCTION

1. MMM License LLC, licensee of television broadcast station KTMF (ABC, Ch. 23), Missoula, Montana ("KTMF"), has filed a petition for special relief seeking a waiver of the Commission's significantly viewed exception to the network nonduplication rules (47 C.F.R. §76.92(f)). Subsequently, KTMF submitted a supplement to its petition. No opposition to this petition has been received. For the reasons discussed below, we grant the petition.

II. BACKGROUND

2. Upon the request of a local station with the exclusive rights to distribute a network program, a cable operator generally may not carry a duplicating network program broadcast by a distant station.[1] The Commission's rules in general provide such protection within a station's 35-mile geographic zone.[2] Under Section 76.92(f) of the Commission's rules, however, a local station may not exercise this right if an otherwise distant station is considered "significantly viewed" within the community served by the cable system.[3] The significantly viewed exception to the Commission's exclusivity rules is based on an otherwise distant station establishing that it receives a "significant" level of over-the-air viewership in a subject community. If this viewership level is met, the station is no longer considered distant for purposes of the application of the Commission's exclusivity rules because it has established that it can be received over the air in the subject communities.

3. Station KTMF seeks a waiver of the significantly viewed exception to the Commission's network nonduplication rules so that it may enforce its right to network nonduplication against Station KXLY-TV (ABC, Ch. 4), Spokane, Washington ("KXLY-TV"). KXLY-TV is currently considered to be

[1] *See* 47 C.F.R. §76.92.

[2] The 35-mile geographic zone extends from the reference point of the community of license of the television station. *See* 47 C.F.R. §§73.658 and 76.53.

[3] 47 C.F.R. §§76.5(i) and 76.54.

significantly viewed in Flathead County, Montana, where the community of Kalispell, served by AT&T Broadband, is located.[4]

4. In *KCST-TV, Inc.,* the Commission held that in order to obtain a waiver of Section 76.92(f) of the Commission's rules, petitioners would be required to demonstrate for two consecutive years that a station was no longer significantly viewed, based either on community-specific or system-specific noncable viewing data, to one standard error.[5] For each year, the data must be obtained as a result of independent professional surveys taken during two one-week periods separated by at least thirty days, the viewing samples must be distributed proportionately among the relevant cable communities, and not more than one of the surveys may be taken between April and September of each year.[6]

III. DISCUSSION

5. In support of its petition, KTMF argues that both it and KXLY-TV are ABC network affiliates.[7] KTMF states that it is licensed to Missoula, Montana, which is part of the Missoula DMA while KXLY-TV, which is licensed to Spokane, Washington, is part of the Spokane DMA. KTMF states that, except for the fact that KXLY-TV is considered to be significantly viewed in Flathead County, it would be entitled to assert network nonduplication protection against KXLY-TV for AT&T's cable system serving the community of Kalispell.[8] KTMF points out that KXLY-TV's transmitter site is approximately 140 miles from Kalispell and is separated from that community not only by the state of Idaho, but also by mountainous terrain.[9] Moreover, KTMF states that not only does KXLY-TV's Grade B contour fall short of Flathead County, but its signal is delivered to the cable headend by microwave.[10]

6. KTMF argues that KXLY-TV no longer meets the significantly viewed requirements set forth in Section 76.54(b) of the Commission's rules.[11] In support, KTMF submits the results of independent professional surveys conducted by Nielsen Media Research to demonstrate that KXLY-TV is no longer significantly viewed in Kalispell. The data are the results of a community-specific Nielsen tabulation based on data for non-cable homes in the zip codes of the Kalispell AT&T franchise area.[12] The first year survey's audience estimates were based on February 2000/May 2000 data and the second year's estimates on February 2001/May 2001 data.[13] KTMF states that KXLY-TV's share of total

---

[4]KXLY-TV was deemed significantly viewed in Flathead County on the basis of the Commission's original surveys for significantly viewed status. *See Reconsideration of the Cable Television Report and Order,* Appendix B, 36 FCC 2d 326 (1972).

[5]103 FCC 2d 407 (1986).

[6]*See* 47 C.F.R. §76.54(b).

[7]Petition at 2.

[8]*Id.*

[9]*Id.*

[10]*Id.*

[11]47 C.F.R. §76.54(b).

[12]Petition at Attachment 2. KTMF also submits survey results for the non-cable homes of Flathead County as a whole. As they are not relevant to KTMF's request, however, those results are not included here.

[13]Supplement to Petition. KTMF initially submitted audience data that averaged the weekly rating, weekly shares and net weekly circulation shares of four four-week sweep periods. This survey information was deficient because it provided the results of four four-week survey periods, instead of two, and omitted the necessary standard (continued...)

viewing hours in noncable homes in Kalispell falls below the required 3 percent minimum, within one standard error, as shown in the table below:

Survey Year[14]	Households Studied	Share Viewing Hours	Standard Error	Net Weekly Circulation	Standard Error
Feb. 00	41	.93	.53	10.18	5.49
May 00	40	.80	.36	12.70	5.60
Feb. 01	54	.51	.44	4.45	2.67
May 01	29	1.12	.63	7.11	4.11

7. We find that, as required by the Commission, KTMF has provided two sets of community-specific survey results for the community of Kalispell, Montana, for each year surveyed. Section 76.5(i) of the Commission's rules requires that for network stations to be considered significantly viewed, the survey results should exceed a 3 percent share of total viewing hours and a net weekly circulation of 25 percent, by at least one standard error.[15] The February 2000 reported results for KXLY-TV, with one standard error added, are 1.46 percent share of total viewing hours and a 15.67 percent net weekly circulation; for May 2000 the shares are 1.10 percent share of total viewing hours and a net weekly circulation of 18.30 percent. For February 2001, the reported results for KXLY-TV with the standard errors added are .95 percent share of total viewing hours and a net weekly circulation of 7.12 percent; for May 2001, the shares are 1.75 percent share of total viewing hours and a net weekly circulation of 11.22 percent. For both years, the share of total weekly viewing hours and the net weekly circulation both fall below the required 3 percent and 25 percent minimum for significantly viewed status when the standard errors are considered. Accordingly, we find that the submitted audience surveys are sufficient to show that KXLY-TV no longer attains the viewing levels needed to demonstrate significantly viewed status in the community of Kalispell, Montana.

8. For the above reasons, we find that a grant of the waiver of the significantly viewed exemption to the network nonduplication rules with regard to the community-specific survey for Kalispell, Montana, will serve the public interest.

(...continued from previous page)
errors. KTMF submitted corrected data in its supplement.

[14]The survey dates of February 2000/May 2000 and February 2001/May 2001 meet the criteria set forth in the rules and *KCST-TV* that the two one-week surveys be separated by at least 30 days and that both surveys may not occur between April and September.

[15]47 C.F.R. §76.5(i).

IV. ORDERING CLAUSES

9. Accordingly, **IT IS ORDERED**, that the petition filed by MMM License LLC **IS GRANTED.**

10. This action is taken pursuant to authority delegated under Section 0.283 of the Commission's rules.[16]

AFFIDAVIT OF RANDY L. WILSON

State of Montana

City of Eureka

County of Lincoln ss.

I, Randy L. Wilson, do hereby declare and state that the following is true and accurate to the best of my knowledge:

1. I am the General Manager of Tobacco Valley Communications TVC;

2. I have held that position since May 17, 2007;

3. I have been directly involved with the negotiations between TVC and all of the cable stations carried by TVC since the date of my employment;

4. With respect to KCFW/NBC/Kalispell, TVC has carried this station since the date of my employment 17 years ago;

5. With respect to KPAX/CBS/Missoula, TVC has carried this station since 2003;

6. With respect to KTMF/ABC/Missoula, TVC carried this station from 2009 through 2012 pursuant to a Retransmission Consent Agreement;

7. Of the four major commercial network stations being broadcast from the Spokane DMA (ABC, CBS, NBC and FOX) only KAYU-FOX is currently being carried by TVC. Moreover, TVC's desire is to discontinue carrying this Spokane station, replacing it with the Missoula FOX affiliate in the event this petition is approved by the Commission.

Dear Mr. Little:

This letter is official notification to you of our election for "must carry" status of KCFW TV on your cable system serving Eureka, MT.

We have placed a copy of this letter in our public file, as required by the rules of the Federal Communications Commission. As a function of our election for "must carry" status, we understand that you are required to carry our signal in its entirety. We request that you carry our signal on channel that it was carried on January 1, 1992.

Sincerely,

C.J. Cannaliato
Vice President

RETRANSMISSION CONSENT AGREEMENT

Max Media, LLC and Tobacco Valley Communications

This Retransmission Consent Agreement ("Agreement") is made as of March 20, 2009 by and between Max Media of Montana LLC, ("Max Media") licensee ("Licensee") of Station KTMF-TV ("Station") and Tobacco Valley Communications ("Operator").

WHEREAS, Station is licensed by the Federal Communications Commission ("FCC") to operate in Missoula, MT in the Designated Market Area(s) ("DMA(s)") of Missoula, MT and transmit a digital broadcast signal on the channel 23 ("Broadcast Signal"); and

WHEREAS, Station has received from KXLY in Spokane a temporary waiver of KXLY's Network DMA Retransmission rights for this Operator; and

WHEREAS, Operator owns, leases, manages or otherwise controls or possesses each franchised cable television system or multi-channel video programming distribution system ("System(s)") serving the areas and/or communities listed on Exhibit A, as may be amended from time to time; and

WHEREAS, Station and Operator desire to have the Broadcast Signal retransmitted over the System(s).

NOW, THEREFORE, in consideration of the foregoing and of the mutual covenants and agreements set forth herein, the parties agree as follows:

1. **Term.** The term of this Agreement shall commence on March 20, 2009 and end March 19, 2012 (the "Term").

2. **Retransmission Consent.** Max Media hereby provides Operator its consent, pursuant to Section 325(b) of the Communications Act of 1934, as amended, and the rules and regulations of the FCC, to the nonexclusive retransmission of the Stations' Broadcast Signals by the applicable System(s) in accordance with the terms of this Agreement, excluding, however, those portions of a Station's digital broadcast signal that are not broadcast by that Station on a free over-the-air basis (including, but not limited to, encrypted video or audio programming, data, or content offered over the air on a fee basis to subscribers) or that are transmitted in a technical standard specifically designed for mobile reception, which portions shall not be considered to be part of the Digital Signal, as that term is used in this Agreement. Such consent will continue to be in effect throughout the Term unless otherwise terminated pursuant to the terms of this Agreement.

3. **Digital Signal Carriage.**
   - **(a)** As used in this Agreement, "Digital Signal" shall mean all material, mutually agreed to by both Station and Operator and when technically feasible, carried on each Station's 19.4 megabit per second ("mbps") digital stream, including without limitation: (i) the primary video and audio program transport stream designated by such Station broadcast in the digital format ("Primary Channel"); and (ii) each additional audio and video program transport stream other than the Primary Channel broadcast by such Station in the digital format ("Multicast Channel").

IN WITNESS WHEREOF, each of the parties has executed this Agreement as of the date first written above.

Federal Communications Commission
1919 M. ST. NW Room 718
Washington, D.C. 20554

Dear Federal Communications Commission:

In reply to your letter of consent to assignment of TV translator sight K05GC please find enclosed a copy of the Bill of Sale. Tobacco Valley Communications officially has taken over the translator sight as of 09/24/98.

Also enclosed is the copy of the consent to assignment notice that was sent to Tobacco Valley Communications.

In the consent to assignment notice it states that form 323 Ownership Report has to be filed within 30 days after consummation. It is my understanding through a telephone conversation with Hossein one of your employees that this does not apply to this translator sight. Please contact me if this is not true.

Thank you,

Tobacco Valley Communications

UNITED STATES OF AMERICA
FEDERAL COMMUNICATIONS COMMISSION
WASHINGTON, D.C. 20554

(FOR CHIEF, VIDEO SERVICES DIVISION, MASS MEDIA BUREAU)

Date: AUG 26 1998

[X] CONSENT TO ASSIGNMENT: [ ] CONSENT TO TRANSFER:	FROM: REXFORD-MARSTON T.V. DISTRICT TO: TOBACCO VALLEY COMMUNICATIONS, INC.
Licensee/Permittee: *(for transfer only)*	

CLASS	CALLSIGN	FILE#	STATION LOCATION	AUXILIARY STATIONS
TX	K05GC	BALTTV-980615IA	REXFORD/FORTINE, MT	ALL CURRENTLY AUTHORIZED AUXILIARY STATIONS

Under authority of the Communications Act of 1934, as amended, the consent of the Federal Communications Commission is hereby granted to the transaction indicated above.
The Commission's consent to the above is based on the representations made by the applicants that the statements contained in, or made in connection with, the application are true and that the undertakings of the parties upon which this transaction is authorized will be carried out in good faith.
The actual consummation of voluntary transactions shall be completed within 90 days from the date hereof, and notice in letter form thereof shall promptly be furnished the Commission by the buyer showing the date the acts necessary to effect the transaction were completed. Upon furnishing the Commission with such written notice, this transaction will be considered completed for all purposes related to the above described station(s).
FCC Form 323, Ownership Report, must be filed within 30 days after consummation, by the licensee/permittee or assignee.

ADDITIONAL REQUIREMENTS FOR ASSIGNMENTS ONLY:

Upon consummation the assignor must deliver the permit/license, including any modifications thereof to the assignee.
It is hereby directed that, upon consummation, a copy of this consent be posted with the station authorizations(s) as required by the Commission's Rules and Regulations.
The assignee is not authorized to construct nor operate said station(s) unless and until notification of consummation in letter form has been forwarded to the Commission.

BILL OF SALE

KNOW ALL PERSONS BY THESE PRESENTS:

That the Rexford - Marston - TV District, an unincorporated association (the "Seller") by and through the undersigned Richard Payton, the duly elected and acting President and Shirley O'Brien, Secretary/Treasurer thereof, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, to it paid by Tobacco Valley Communications, Inc., a Montana corporation, (the "Buyer") hereby bargains, sells and delivers unto Buyer all or any right, title or interest it may have in the following goods and chattels: FCC VHF Translator Station License KO5GC and television translator and related equipment located on R/W of county road located 2.6 miles east of MSH # 93 & 37 inter section north of Eureka, MT, Sec 7 Tship 37 N Range 26 W.

To have and to hold the said goods and chattels unto the said Buyer, its heirs, personal representatives and assigns, forever.

And the Seller does hereby represent and warrant that he is duly authorized to execute this Bill of Sale, and that the Seller is the true and lawful owner of the goods and chattels, free of any lien or encumbrance, and that Seller has the power, right and authority to sell and dispose of such goods and chattels.

IN WITNESS WHEREOF, the Seller has hereunto affixed his/her signature (s) this 31 day of March, 1998.

Rexford - Marston - TV District,
an unincorporated association

I, robot fighter: Humans control robot gladiators in new Syfy series

At least since 1927's "Metropolis," and continuing into the modern era with "Transformers" and this summer's anticipated blockbuster "Pacific Rim," robots have been a fixture in movies and television. Some of the mechanized creations have become popular characters in their own right, from Robby the Robot of "Forbidden Planet" and the nameless robot in TV's "Lost in Space" to those lovable droids R2-D2 and C-3PO in "Star Wars," to name just a few.

A burgeoning TV and movie genre over the years has pitted robots in battle against one another, and for a while, the "battling robots" TV trend was popular, most notably in the Comedy Central series "BattleBots." But that series featured robots created by home inventors doing battle. "Robot Combat League," premiering Tuesday, Feb. 26, on Syfy, ups the ante, combining elements of "BattleBots" with cinematic robotics.

Hosted by former WWE star Chris Jericho, "Robot Combat League" features tournament-style gladiatorial combat between 8-foot-tall state-of-the-art humanoid robots controlled by "robo-jockeys." (Think a realistic version of the movie "Real Steel.") The series features 12 teams consisting of a fighter (the "robo-jockey") and a robotics engineer (the "robo-tech") from various backgrounds. Each team is paired with a unique robot and will fight in a competition using a high-tech exo-suit that translates the jockey's movements to the robot.

The robots are designed and created by robotics expert Mark Setrakian, who has developed life-saving robotic systems and also pioneered cutting-edge creature effects, animatronics and control technology for films such as "Men in Black" and "Hellboy."

Setrakian combined his study of biology with engineering to create robots with uncanny organic movement. And they look pretty cool, as well – which is part of the reason why audiences have been drawn to robots for the past century.

Profile
Missoula Local Economy & Culture **Key Industry and Employment** • While large companies such as Albertson's, Costco, First Interstate Bank, Glacier Bancorp, Inc., Northwestern Energy, UPS, and Wells Fargo are present in Missoula, the local economy is driven by small business. The largest employers are the University of

Montana, St. Patrick Hospital, Missoula County Public Schools, Community Medical Center, and DirecTV.

- The largest employment sectors are government with 12,100 employees; trade, transportation, and utilities with 12,000 employees; education and health services with 9,200 employees; leisure and hospitality with 8,000 employees; and professional and business services with 6,600 employees.
- Unemployment is relatively low in Missoula. In the first half of 2010, the average has been 7.2% compared to the national average of 9.7%.

Local Economy

- The 2009 per capita income in Missoula was $34,712.

Most Popular Lifestyles

- Missoulians enjoy outdoor activities such as hunting, fishing, and camping. They are more likely than average to be members of veterans clubs and civic clubs.
- Pickup trucks are popular in Missoula. Residents report more often than average that their most recently purchased vehicles were used and that they prefer domestic vehicles.
- A larger-than-average number of resident have traveled in a recreational vehicle in the last year, and that they prefer domestic travel to foreign.

Some Unique Characteristics

- According to epodunk.com, Missoula is the No. 1 historic small town.
- Missoula is a college town. It is home to the University of Montana, the University of Montana College of Technology, and Walla Walla University.
- Outdoor activities abound in Missoula. Visitors and residents alike enjoy skiing, snowmobiling, ice skating, fishing, hunting, mountain climbing, river rafting, mountain biking, and wildlife viewing.
- A Carousel for Massoula is a hand-carved carousel built by hundreds of volunteers, the first to be built in the U.S. since the Great Depression. The free ride is open in from late spring to early autumn and is handicap-accessible.
- Missoula has 25 art galleries and the city hosts a First Friday Gallery Night each month when all of the galleries are open in the evening and feature new exhibits with local artists. Nearby restaurants often offer special menus featuring locally-grown food.

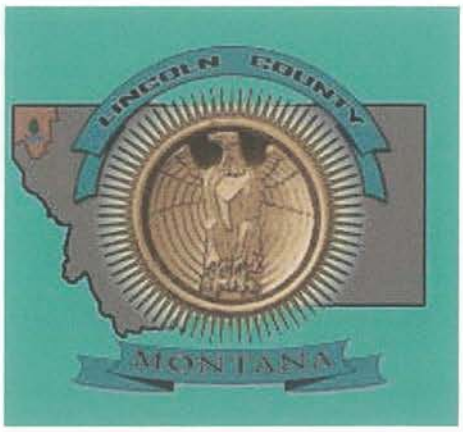
LINCOLN COUNTY FACT SHEET

Lincoln County Facts

Lincoln County is located in the extreme northwest corner of Montana. It is heavily forested and largely contained within the Kootenai National Forest. Lincoln County is bordered by both Canada and Idaho.



There are 4 incorporated areas in Lincoln County: Libby, the County Seat, Eureka, Troy and Rexford. Unincorporated communities include Stryker, Fortine, Trego, West Kootenai, Yaak Valley, Lake Creek Valley and Bull Lake. The population of Lincoln County in 2009 was estimated to be 18,717 people.

County Assistance: Most county offices are located in Libby. Some county business can also be conducted at the North County Annex in Eureka. In Montana, county governments administer or help the state with county parks, county roads, courts, county nurses and health, planning, septic systems, schools, libraries, weed abatement, driver's licenses, property taxes and many other areas. County officials are always helpful and willing to answer questions.

Climate: The county has a mountain-type climate which is warm and dry in the summer and cold and moist in the winter. Most of the snow falls during the November through March period but heavy snowstorms can occur as early as mid-September or as late as early May. Annual snowfall varies from about 40 inches in the lower valleys to an estimated 300 inches in some mountain areas. Average annual precipitation varies from 18 to 25 inches near Libby and Troy to only 14 inches in the Tobacco Valley near Eureka. The higher elevations have precipitation amounts of over 70 inches per year.

Geography: The geography of the county is dominated by mountainous, forest-covered terrain within the Cabinet, Purcell and Salish mountain ranges. The mountainous terrain is cut by narrow river valleys forming the Tobacco Valley, Libby Valley and the Yaak Valley. The elevation in Lincoln County ranges from about 1,820 feet above sea level where the Kootenai River enters Idaho, to over 8,700 feet in the Cabinet Mountain Wilderness.

Land: Lincoln County is comprised of an area of 3,675 square miles. Approximately 90% of the county's total land is owned and managed by the U.S. Forest Service, the State of Montana or large private corporations, including Plum Creek Timber Company and Stimson Lumber Company. The Kootenai National Forest has 73.5% of the land with Plum Creek Timber Company owning and controlling approximately 12.5% of the land. Lincoln County is comprised of 9.2% privately owned non-forest land and 92% of the land covered by forestland.

Industry: During the last few decades, the natural resources industries of Lincoln County have been in a state of decline. No major lumber mill exists in the county, the Christmas tree industry has ended and high land prices have caused many farmers and ranchers to subdivide their land. Mining has remained a bright spot. The main industries today are educational, health and social services, and retail with some manufacturing. With less than 10% of the land in Lincoln County privately owned, recreational opportunities are abundant. As a result, tourism and service industries are increasing. Fishing, hiking, hunting, snowmobiling and camping are popular with residents and nonresidents alike.
