**Re: Battery Backup, PS Docket No. 14-174  
Technology Transitions, GN Docket No. 13-5**

Dear Ms. Dortch:

On June 23, 2015, Loretta Polk, Jennifer McKee, and Steve Morris of the National Cable & Telecommunications Association (NCTA) met with Admiral David Simpson, David Furth, Lisa Fowlkes, Lauren Kravetz, Linda Pinto, Brenda Villanueva, and Eric Schmidt of the Public Safety and Homeland Security Bureau to discuss issues in the above-referenced proceedings. NCTA expressed continued support for the goal of ensuring that consumers are informed about the capabilities and limitations of their voice service during power outages. We reiterated that cable operators are willing to work with the Commission to ensure that consumers are offered meaningful options that enable them to ensure continuity of service and sufficient information to exercise those options in an informed manner.

Respectfully submitted,

**/s/ Steven F. Morris**
