Communications, LLC. Enclosed is one copy of a DVD-ROM containing the *unredacted* versions of these documents.

As the Commission has stated, “Internet traffic exchange agreements have historically been and will continue to be commercially negotiated.”² The enclosed agreement is a recent example of such a negotiation, demonstrating again that, consistent with the Commission’s view, parties within the Internet ecosystem are fully capable of addressing traffic exchange by contract.

AT&T hereby requests Highly Confidential treatment of this submission. Separately, AT&T is submitting a redacted public version of this filing via ECFS and unredacted copies of this submission to the Commission Staff.

Please contact me at (202) 942-6608 or Maureen.Jeffreys@aporter.com if you have any questions. Thank you for your assistance.

Respectfully submitted,
