**RE: Rule Section 0.459 Request for Confidential Treatment
New Windsor Telephone Company (SAC 341062)
WC Docket No. 14-58
FCC Form 481 – Carrier Annual Reporting Data Collection Form**

Dear Ms. Dortch:

New Windsor Telephone Company (“the Company”), by its attorney, hereby requests, pursuant to Section 0.459 of the Commission’s Rules, that the redacted portions of the Company’s “Progress Report for Plan Year 2015” be withheld from public inspection.

In accordance with Section 0.459(b) of the Commission’s Rules, the Company states:

1. The specific information for which confidentiality is sought is comprised of a report stating the capital investments and related maintenance and service provision expenditures that the Company has already made during Plan Year 2015 and that it project that it will make during the remainder of Plan Year 2015.
2. This information is submitted in compliance with the requirement in Section 54.313(a)(1) of the Commission’s Rules that recipients of high-cost support submit a progress report on their five-year service quality improvement plans.

REDACTED – FOR PUBLIC INSPECTION

3. This information regarding the nature and timing of the Company's construction and network improvement plans, and its capital expenditures and related operating expenses, is proprietary and confidential commercial and financial information that is routinely withheld from public inspection.

4. The voice and broadband services for which the 5-year service improvement plans have been prepared are subject to potential competition from competitive local exchange carriers, cable television system operators, electric power utilities, fixed and mobile wireless service providers, and/or satellite carriers. Even where such competition is not active at present, the nature and scheduling of the Company's network upgrades and the size and timing of its related capital and operating expenditures constitute very valuable competitive intelligence for any entity that may be contemplating or planning entry into one or more portions of the Company's service area.

5. Again, whether or not the Company has an active competitor at the present time, there are numerous potential competitors and the nature and scheduling of the Company's network upgrades and the size and timing of its related capital and operating expenditures constitute very valuable competitive intelligence that can greatly assist the planning of any entity that may be contemplating entry into one or more portions of the Company's service area.

6. The Company limits internal access to its 5-year service improvement plan and progress reports to its key employees and consultants who need the information for planning, reporting and management purposes. The plan and progress reports are not posted on any Company website, or included in any Company press releases, reports or other documents that are available to the general public or to unrestricted portions thereof.

7. The Company does not make its 5-year service improvement plan or progress reports available to the public, and has not previously disclosed its plan or reports to third parties.

8. The Company requests that the individual annual charts included in the plan and the annual progress reports not be available for public disclosure until at least the end of the next full calendar year following the calendar year to which they apply. Competitors and potential competitors should not be able to see the Company's network deployment plans and actual expenditures for a particular year prior to the year, during the year, or during the year following the year (particularly because weather and other factors can cause construction delays). After that period, projects are generally completed, and competitors are able to observe directly or read published reports of what the Company actually did to improve its network and services.

REDACTED – FOR PUBLIC INSPECTION

The Company notes that it is also redacting and claiming confidential treatment, pursuant to the Bureau's *Protective Order*, DA 15-712, released June 17, 2015, for the financial information submitted in compliance with the requirements of Section 54.313(f)(2) of the Commission's Rules.

Respectfully submitted,
New Windsor Telephone Company
