Verizon works to satisfy all service requests, but not every initiated order is ultimately fulfilled. There are occasions when broadband service cannot be installed at the requesting address location due to reasons such as distance, capacity, and equipment incompatibility. In those cases, Verizon will review whether it can provide broadband service from other access points or utilize available equipment. If Verizon's review is unsuccessful, then the order is cancelled and the customer is notified.

Ray Halbritter, Nation Representative
Oneida Indian Nation
2037 Dream Catcher Plaza
Oneida, New York 13421

Dear Representative Halbritter:

As a part of Verizon's ongoing outreach to Native American tribal leaders, I would like to invite you and other senior tribal representatives to meet with an executive from Verizon to review the current and proposed services that Verizon provides. This will also provide a forum to address any other matters that you would like to discuss. The following agenda should provide an appropriate framework to facilitate a useful and productive discussion:

- Current and Proposed Services
- Service Procurement and Sustainability
- Opportunities for Working Together
- Tribal Licensing Requirements

We would like to schedule a meeting at a convenient location for you and other members of your tribal government. Please reply to Brad Wright at brad.wright@verizon.com, or at 972-718-1740 to finalize a meeting location and date. We look forward to forging a meaningful and beneficial relationship with you and your members.

I also wanted to be sure that tribal leadership is aware of a government assistance program known as tribal Lifeline or Native American Lifeline. The enhanced tribal Lifeline program was implemented by the Federal Communications Commission (FCC) and is available through local telephone companies like Verizon. Through this Lifeline supported offering, local service is available to qualified individuals for as low as \$1.00 per month. In addition, eligible individuals can also save up to \$100 on the cost of getting new phone service installed through the Link Up program.

Only eligible consumers may enroll in the program. In order to qualify for tribal Lifeline benefits an individual must be a resident of a federally recognized reservation and show proof that you participate in certain government assistance programs. Some states may have other eligibility criteria, like General Public Assistance and Emergency Aid programs that would also qualify an individual living on a reservation for support.

The Lifeline program is limited to one discount per household and is nontransferable. Therefore, customers are required to certify and agree that no other member of the household is receiving wireline or wireless Lifeline service from Verizon or another communications provider. Consumers who willfully make false statements in order to obtain the benefit can be punished by fine, imprisonment, or may be barred from the program.

To order tribal Lifeline in your area, you may download an application for Lifeline service at www.verizon.com/lifeline or contact Verizon at 1 800 VERIZON. To find out more information, you may also call the Universal Service Administration Company (USAC) which administers Lifeline for the FCC by calling (888) 641-8722 or by accessing their website at www.LifelineSupport.org.

We look forward to seeing you and your tribal leaders soon.

Sincerely,

Through this Lifeline supported offering, local service is available to qualified individuals for as low as \$1.00 per month. In addition, eligible individuals can also save up to \$100 on the cost of getting new phone service installed through the Link Up program.

Only eligible consumers may enroll in the program. In order to qualify for tribal Lifeline benefits an individual must be a resident of a federally recognized reservation and show proof that you participate in certain government assistance programs. Some states may have other eligibility criteria, like General Public Assistance and Emergency Aid programs that would also qualify an individual living on a reservation for support.

The Lifeline program is limited to one discount per household and is nontransferable. Therefore, customers are required to certify and agree that no other member of the household is receiving wireline or wireless Lifeline service from Verizon or another communications provider. Consumers who willfully make false statements in order to obtain the benefit can be punished by fine, imprisonment, or may be barred from the program.

To order tribal Lifeline in your area, you may download an application for Lifeline service at www.verizon.com/lifeline or contact Verizon at 1 800 VERIZON. To find out more information, you may also call the Universal Service Administration Company (USAC) which administers Lifeline for the FCC by calling (888) 641-8722 or by accessing their website at www.LifelineSupport.org.

We look forward to seeing you and your tribal leaders soon.

Dear Chief Halftown:

As a part of Verizon's ongoing outreach to Native American tribal leaders, I would like to invite you and other senior tribal representatives to meet with an executive from Verizon to review the current and proposed services that Verizon provides. This will also provide a forum to address any other matters that you would like to discuss. The following agenda should provide an appropriate framework to facilitate a useful and productive discussion:

- Current and Proposed Services
- Service Procurement and Sustainability
- Opportunities for Working Together
- Tribal Licensing Requirements

We would like to schedule a meeting at a convenient location for you and other members of your tribal government. Please reply to Brad Wright at brad.wright@verizon.com, or at 972-718-1740 to finalize a meeting location and date. We look forward to forging a meaningful and beneficial relationship with you and your members.

I also wanted to be sure that tribal leadership is aware of a government assistance program known as tribal Lifeline or Native American Lifeline. The enhanced tribal Lifeline program was implemented by the Federal Communications Commission (FCC) and is available through local telephone companies like Verizon. Through this Lifeline supported offering, local service is available to qualified individuals for as low as \$1.00 per month. In addition, eligible individuals can also save up to \$100 on the cost of getting new phone service installed through the Link Up program.

The enhanced tribal Lifeline program was implemented by the Federal Communications Commission (FCC) and is available through local telephone companies like Verizon. Through this Lifeline supported offering, local service is available to qualified individuals for as low as \$1.00 per month. In addition, eligible individuals can also save up to \$100 on the cost of getting new phone service installed through the Link Up program.

Only eligible consumers may enroll in the program. In order to qualify for tribal Lifeline benefits an individual must be a resident of a federally recognized reservation and show proof that you participate in certain government assistance programs. Some states may have other eligibility criteria, like General Public Assistance and Emergency Aid programs that would also qualify an individual living on a reservation for support.

The Lifeline program is limited to one discount per household and is nontransferable. Therefore, customers are required to certify and agree that no other member of the household is receiving wireline or wireless Lifeline service from Verizon or another communications provider. Consumers who willfully make false statements in order to obtain the benefit can be punished by fine, imprisonment, or may be barred from the program.

To order tribal Lifeline in your area, you may download an application for Lifeline service at www.verizon.com/lifeline or contact Verizon at 1 800 VERIZON. To find out more information, you may also call the Universal Service Administration Company (USAC) which administers Lifeline for the FCC by calling (888) 641-8722 or by accessing their website at www.LifelineSupport.org.

We look forward to seeing you and your tribal leaders soon.

Dear Chief Halftown:

As a part of Verizon's ongoing outreach to Native American tribal leaders, I would like to invite you and other senior tribal representatives to meet with an executive from Verizon to review the current and proposed services that Verizon provides. This will also provide a forum to address any other matters that you would like to discuss. The following agenda should provide an appropriate framework to facilitate a useful and productive discussion:

- Current and Proposed Services
- Service Procurement and Sustainability
- Opportunities for Working Together
- Tribal Licensing Requirements

We would like to schedule a meeting at a convenient location for you and other members of your tribal government. Please reply to Brad Wright at brad.wright@verizon.com, or at 972-718-1740 to finalize a meeting location and date. We look forward to forging a meaningful and beneficial relationship with you and your members.

I also wanted to be sure that tribal leadership is aware of a government assistance program known as tribal Lifeline or Native American Lifeline. The enhanced tribal Lifeline program was implemented by the Federal Communications Commission (FCC) and is available through local telephone companies like Verizon. Through this Lifeline supported offering, local service is available to qualified individuals for as low as \$1.00 per month.
