TRIBAL ENGAGEMENT SURVEY

Date: 10-24-14

Tribal Representative: Warren Lampe

Name of Alaska Native Tribe: Native Village of Point Lay

Community Represented: Point Lay

1. Tell us your thoughts regarding Tribal telecommunications needs and deployment planning with focus on the Tribal Community and anchor institutions (community centers, schools, etc.)? Can we improve our methods?

We need a better communications system that can link us to our regional area to share cultural and traditional knowledge.

2. What is the best method to address telecommunications feasibility and sustainability planning?

Come to our village of Point Lay with a plan to upgrade and get input from the residents. Plan with the residents.

3. Do you have suggestions for marketing services in a culturally sensitive manner? How and when?

Most of our residents are unemployed and need low income services. There is not a better way to learn this by coming for a meeting.

4. How can we improve or optimize the process to discuss site selection, right-of-way processes, environmental and cultural preservations reviews?

We would like GCI to come to Point Lay to discuss all services provided and we would like faster internet services.

5. How can we ensure compliance with any Tribal business and license requirements?

Stay in contact with the Native Village of Point Lay. Discuss all services and explain to the residents what we are able to do to afford communications.
