Re: GN Docket No. 13-5, Technology Transitions; GN Docket No. 12-353, AT&T Petition to Launch a Proceeding Concerning the TDM-to-IP Transition; WC Docket No. 05-25, Special Access for Price Cap Local Exchange Carriers.

Dear Chairman Wheeler:

I am Danielle Emerick, Owner of Oregon Coast Event Rentals. Our company rents event equipment such as table, tents, chairs, dinnerware, etc.

We have chosen a competitive carrier for our voice and data services. They provide the individualized services and customer support we need. Here on the coast the choices are limited and we enjoy having a choice for high speed internet access. Without the additional choices consistency and reliability are compromised.

We commend the FCC's efforts to provide customers with more choices for broadband service. As technology transitions and more services move to IP based solutions, we encourage you to protect the wholesale access market. This will ensure that our ability to choose a competitive provider, based on factors including customer service and price, will remain intact.

By keeping the marketplace open for more competition, the FCC will help ensure that businesses like ours have the power to choose the broadband provider that is the best fit for our needs and growth.

Sincerely,

Danielle
