**Re: Notice of Ex Parte Meetings  
PS Docket No. 14-174, GN Docket No. 13-5, RM-11358, WC Docket No. 05-25,  
RM-10593**

Dear Ms. Dortch,

On July 7, 2015, Lawrence Freedman, Senior Vice President of WorldNet Telecommunications, Inc. ("WorldNet") met with Mr. Travis Litman, Legal Advisor to the Office of Commissioner Rosenworcel.

In these meetings, Mr. Freedman addressed WorldNet's previously filed comments regarding the Commission's proposed rulemaking with regard to the retirement of copper facilities by incumbent local exchange carriers. Mr. Freedman echoed and re-emphasized the points made by WorldNet in its publicly filed comments regarding the Commission's copper retirement rule proposals, focusing particularly on the need for some measure of regulatory scrutiny over proposed ILEC copper retirements and clarity and certainty with regard to the options available to competitors to if and when ILEC copper is retired, including, without limitation, continued access to unbundled ILEC DS0, DS1, and DS3 loops, continued access to facilities that will enable the continued provision of DSL, and the option to purchase ILEC copper facilities subject to certain pre-established guidelines and appropriate regulatory oversight. Mr. Freedman emphasized that these measures were particularly needed in Puerto Rico, a market with markedly unique competitive and economic challenges.

Respectfully submitted,

Richard Davis  
Counsel for WorldNet Telecommunications, Inc.

cc: Travis Litman
