REDACTED – FOR PUBLIC INSPECTION

June 25, 2015

Ms. Marlene H. Dortch
Secretary
Federal Communications Commission
445 12th Street, S.W.
Washington, DC 20554

Re: *In the Matter of ETC Annual Reports and Certifications, Connect America Fund, A National Broadband Plan for Our Future, Establishing Just and Reasonable Rates for Local Exchange Carriers, High-Cost Universal Service Support, Developing a Unified Intercarrier Compensation Regime, Federal-State Joint Board on Universal Service, Lifeline and Link-Up, Universal Service Reform – Mobility Fund, WC Docket Nos. 14-58, 10-90, 07-135, 05-337, 03-109, CC Docket Nos. 01-92, 96-45, GN Docket No. 09-51, WT Docket No. 10-208*

Dear Ms. Dortch:

On behalf of Kennebec Telephone Company (“Kennebec”), please find enclosed two copies of Kennebec’s FCC Form 481, along with the redacted versions of the Confidential Financial Information.

Also enclosed are copies of Kennebec’s redacted progress reports on its five-year service quality improvement plan.

One copy of the FCC Form 481, containing Confidential Financial Information is being filed under separate cover.

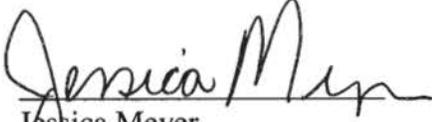

Please do not hesitate to contact me at (402) 441-4315 if you have any questions regarding this submission.

Kennebec Telephone Company

Certification of Compliance with Applicable Service Quality Standards and Consumer Protection Rules for Voice and Broadband Services

Service quality standards and consumer protection rules for broadband are not as defined as the rules for voice services. The Company complies with any service quality standards and consumer protection rules for broadband that are out there now and any that will be defined in the future.

Service Quality Standards

For voice services, the Company:

- Provides voice grade access to the public switched network.
- Provides flat rated local exchange service with no additional charge to end users.
- Provides access to the emergency services provided by local government or other public safety organizations, such as 911 and enhanced 911.
- Provides toll blocking and toll limitation services.

For voice and broadband services, the Company:

- Advertises the availability of its services and the charges using media of general distribution and/or on its website.
- Maintains a business office providing customers with access to a customer service representative either in person or via a local telephone call or toll-free telephone number during business hours.
- Directs after hour calls to the Company's help desk.
- Directs trouble reports to the on-call technician.
- Tracks all service orders to ensure they are completed in a timely manner.
- Measures its service connection and service interruption performance on a regular basis.
- Trains employees to:
 - Answer all incoming calls promptly.
 - Respond to all inquiries for information promptly and courteously.
 - Investigate thoroughly all customer complaints and handle appropriately according to the Company's guidelines for resolution of customer complaints.
 - Be knowledgeable about products and service offerings so they can assist the customer with selecting the best service option.
- Has a process for periodic inspection, testing and preventive maintenance of its equipment to permit the rendering of safe, adequate and continuous service at all times.
- Meets or exceeds the standards established by the state commission and provides any reports required in accordance with the state commission's rules.

Consumer Protection Rules

The Company has established operating procedures designed to facilitate compliance with applicable consumer protection rules which include compliance with the Customer Proprietary Network Information (CPNI) rules. The operating procedures include:

- Appointment of a compliance officer.
- A manual detailing the specific procedures for protecting consumer information.
- Employee training on an annual basis.
- A disciplinary process for improper use of consumer information.

If complaints are filed with the Company regarding consumer protection rules, the complaint is immediately investigated, the matter tracked and any corrective action noted. This process ensures that problems are addressed and corrections made.

Kennebec Telephone Company
Functionality in Emergency Situations

Back-Up Power

The Company has a reasonable amount of back-up power to ensure functionality without an external power source. Central Offices, DLC Cabinets, and FTTH ONTs all have minimum 8 hour battery backup. Central Offices have standby generators, and we have portable generators to provide power to DLC cabinets if needed. We have a plan to replace ONT batteries with charged spare batteries. This applies to both voice and broadband services to our customers.

Rerouting of Traffic around Damaged Facilities

The Company is able to reroute traffic around damaged facilities. Our regulated inter-exchange and intra-exchange traffic is on a SONET ring with diverse routing to prevent being isolated by a fiber cut. The same local loop serves both the voice and broadband services to the subscriber.

Traffic Spikes

We have a significant amount of unused switching capacity to handle sporadic traffic spikes resulting from emergency situations. We have 72 2-way trunks between Kennebec Telephone Company and SDN for inter-exchange traffic. We have 24 trunks for incoming wireless from SDN or outgoing LNP traffic to SDN. We have one T1 for incoming traffic from Century Link. As for broadband, we routinely monitor the overall customer usage and feel we have enough capacity to handle usage spikes.

Kennebec Telephone Company, Inc.

Description of Tribal Engagement

The Company provides services in Lower Brule Reservation. On November 14, 2014, by letter sent via certified mail to Michael Jandreau, the Company requested a meeting with the Lower Brule Sioux Tribe to exchange information and discuss issues related to the deployment and provisioning of communications services on Tribal lands. The Company did not receive a response to this letter. The Company submitted another letter via certified mail on December 3, 2014. The Lower Brule Reservation has not yet responded to these requests to allow for the scheduling of an "engagement" meeting.

In accordance with provisions in the FCC's USF and ICC Transformation Order, paragraphs 636 and 637, and 47 CFR 54.313(a)(9), at the meetings with the Tribal Authorities, the Company will, with tribal input, develop a needs assessment to assist with future service deployments on Tribal lands. In particular, the Company and the Tribal Authority discussions relating to needs and service deployment will be focused on community anchor institutions. The feasibility and sustainability of communications services on tribal lands will be discussed and the Company will, with assistance from the Tribal Authorities, attempt to identify additional steps that can be taken to make essential communications services deployed on Tribal lands both feasible and sustainable. The Company and Tribal Authorities will also discuss and explore ways in which they can coordinate or partner to ensure that services are marketed on tribal lands in a manner that will relate to the community and resonate with consumers, with the aim of increasing service adoption. At such meetings, the Company will also be prepared to discuss the relevant rights-of-way and other permitting and review processes, as well as any challenges associated with these processes. And finally, the Company will come to any such meetings prepared to discuss and engage the Tribal Authorities on any relevant and applicable Tribal business and licensing requirements.

November 14, 2014

Michael Jandreau
PO Box 187
Lower Brule, SD 57548-0187

Dear: Mr. Jandreau,

The Federal Communications Commission (FCC), as part of its 2012 Order reforming the federal universal service mechanisms related to telecommunications and information services, adopted new "Tribal Engagement" provisions that are intended to improve communications and foster a greater understanding between service providers and Tribal entities of the factors necessary to deploy and sustain telecommunication services on Tribal lands. See FCC Public Notice, Office of Native Affairs and Policy, Wireless Telecommunications Bureau, and Wireline Competition Bureau Issue Further Guidance on Tribal Engagement Obligation Provisions of the Connect America Fund, DA 12-1165, released July 19, 2012.

Pursuant to the FCC's rules related to Tribal Engagement Kennebec Telephone Co., Inc. would, as soon as possible, like to begin discussions with the Lower Brule Sioux Tribe in a manner consistent with the FCC rules. Accordingly, we would request a meeting with the Tribe and it is our hope that this meeting could be held sometime prior to December, 15, 2014. The purpose of this meeting will, generally, be to exchange information related to the deployment and provisioning of communications services on Tribal lands.

While Kennebec Telephone Co., Inc. leaves to your discretion attendees from the tribe at this requested meeting, it is important that at least some of the tribal representative attendees at the meeting are "decision-makers," as this can change the perspectives of the discussions. Kennebec Telephone Co., Inc. asks that the Lower Brule Sioux Tribe provide a name and contact information for a Tribal representative who can assist in scheduling and arranging a meeting with the appropriate Tribal government staff and leaders to discuss deployment and sustainability of telecommunications services on Tribal lands. This information may be provided to the undersigned by calling (605) 869-2220, or through an e-mail directed to rod@kennebectelephone.com.

Thank you for your cooperation in this matter. We look forward to discussing these important matters with you.

Sincerely,

Rod Bowar
President/Manager
Kennebec Telephone Co., Inc.

December 3, 2014

Michael Jandreau
PO Box 187
Lower Brule, SD 57548-0187

Dear: Mr. Jandreau,

As noted in my earlier letter to you dated November 14, 2014 the Federal Communications Commission (FCC), as part of its 2012 Order reforming the federal universal service mechanisms related to telecommunications and information services, adopted new "Tribal Engagement" provisions that are intended to improve communications and foster a greater understanding between service providers and Tribal entities of the factors necessary to deploy and sustain telecommunication services on Tribal lands. See FCC Public Notice, Office of Native Affairs and Policy, Wireless Telecommunications Bureau, and Wireline Competition Bureau Issue Further Guidance on Tribal Engagement Obligation Provisions of the Connect America Fund, DA 12-1165, released July 19, 2012.

Pursuant to the FCC's rules related to Tribal Engagement Kennebec Telephone Co., Inc. would, as soon as possible, like to begin discussions with the Lower Brule Sioux Tribe in a manner consistent with the FCC rules. Accordingly, we would request a meeting with the Tribe and it is our hope that this meeting could be held sometime prior to December, 15, 2014. The purpose of this meeting will, generally, be to exchange information related to the deployment and provisioning of communications services on Tribal lands.

While Kennebec Telephone Co., Inc. leaves to your discretion attendees from the tribe at this requested meeting, it is important that at least some of the tribal representative attendees at the meeting are "decision-makers," as this can change the perspectives of the discussions. Kennebec Telephone Co., Inc. asks that the Lower Brule Sioux Tribe provide a name and contact information for a Tribal representative who can assist in scheduling and arranging a meeting with the appropriate Tribal government staff and leaders to discuss deployment and sustainability of telecommunications services on Tribal lands. This information may be provided to the undersigned by calling (605) 869-2220, or through an e-mail directed to rodb@kennebectelephone.com.

Thank you for your cooperation in this matter. We look forward to discussing these important matters with you.

Sincerely,

Rod Bowar
President/Manager
Kennebec Telephone Co., Inc
