Re: Ex Parte Filing of CETF relating to Applications of AT&T and DirecTV to Transfer Control of FCC Licenses and Other Authorizations, MB Docket No. 14-90

Dear Ms. Dortch:

On July 10, 2015, the California Emerging Technology Fund sent a written letter by email and via US Mail from its President and CEO, Sunni Wright McPeak, and its outside counsel, Rachelle Chong, to the following Commissioners and advisors relating to the above-referenced proceeding:

Chairman Tom Wheeler, Gigi Sohn, Commissioner Mignon Clyburn, Chanelle Hardy, Rebekah Goodheart, Commissioner Jessica Rosenworcel, Valery Galasso; Commissioner Ajit Pai, Matt Berry, Nicholas Degani; Commissioner Mike O’Rielly, Robin Colwell and Amy Bender.

Copies were sent via email to the following FCC staff: Brendan Holland, Jonathan Sallet and Janice Wise.

The purpose of the CETF letter is to respond to an ex parte filing by AT&T dated July 1, 2015 describing an “affordable, lower-priced, standalone broadband service to low-income consumers in AT&T’s wireline footprint.” As a deeply experienced non-profit organization that has worked in the area of broadband adoption for nearly a decade, CETF has provided feedback and concerns on the AT&T low-cost offer in its attached letter.

In accordance with Section 1.206 of the Commission’s rules, this letter is being filed electronically with your office for inclusion in the public record.

Respectfully submitted,

*/s/ Rachelle Chong*
