## **Certification of Compliance with Applicable Service Quality Standards and Consumer Protection Rules**

### Service Quality Standards

The Company:

- Provides voice grade access to the public switched network.
- Provides flat rated local exchange service with no additional charge to end users.
- Provides access to the emergency services provided by local government or other public safety organizations, such as 911 and enhanced 911.
- Provides toll blocking and toll limitation services.
- Advertises the availability of its services and the charges using media of general distribution and on its website.
- Maintains a business office providing customers with access to a customer service representative either in person or via a local telephone call or toll-free telephone number during normal business hours.
- Directs after hour calls to the Company's help desk.
- Directs trouble reports to the on-call technician.
- Tracks all service orders to ensure they are completed in a timely manner.
- Measures its service connection and service interruption performance on a regular basis.
- Trains employees to:
  - Answer all incoming calls promptly.
  - Respond to all inquiries for information promptly and courteously.
  - Investigate thoroughly all customer complaints and handle appropriately according to the Company's guidelines for resolution of customer complaints.
  - Be knowledgeable about products and service offerings so they can assist the customer with selecting the best service option.
- Has a process for periodic inspection, testing and preventive maintenance of its equipment to permit the rendering of safe, adequate and continuous service at all times.

### Consumer Protection Rules

The Company has established operating procedures designed to facilitate compliance with applicable consumer protection rules which include compliance with the Customer Proprietary Network Information (CPNI) rules. The operating procedures include:

- Appointment of a compliance officer.
- A manual detailing the specific procedures for protecting consumer information.
- Employee training on an annual basis.
- A disciplinary process for improper use of consumer information.

### Functionality in Emergency Situations

#### Back-Up Power

The Company has a reasonable amount of back-up power to ensure functionality without an external power source. Switch, Remote, and DLCs\_ all have minimum 8 hour battery backup. Switch and Remote have standby generators, and we have portable generators to provide power to DLC cabinets if needed.

#### Rerouting of Traffic around Damaged Facilities

The Company is able to reroute traffic around damaged facilities. Our regulated inter-exchange and intra-exchange traffic is on a SONET ring with diverse routing to prevent being isolated by a fiber cut.

#### Traffic Spikes

We have some unused switching capacity to handle sporadic traffic spikes resulting from emergency situations. We have 204 2-way trunks between Company and CenturyLink's Tandem for inter-exchange traffic. We have 9 T1s for incoming traffic from CenturyLink.

### Description of Tribal Engagement

#### Pine Ridge Reservation

Fort Randall Telephone Company (operating as Mt. Rushmore Telephone Company) operates as a wireline telephone service provider in a portion of the Northwest corner of the Pine Ridge Reservation. We provide voice and data (internet) service to customers living in the community of Red Shirt and its surrounding area.

The Oglala Sioux Tribe Utility Commission (hereinafter "OSTUC") is the primary authority for regulating activities that take place within the reservation. During the time covered by this filing, OSTUC established procedures for qualifying as an authorized utility. We engaged in the process of being authorized and received email correspondence that our Company is authorized to operate in OSTUC's jurisdiction on October 23, 2014. Subsequent to that date, we have corresponded by email and by telephone with OSTUC concerning activities on the reservation. For the covered period, we did not engage in any major initiatives in the area. One project that has been delayed for over a year is to extend a redundant fiber to the Red Shirt community. We are getting closer to finally receiving permission to perform that work, but the uncertainty of when we can receive final permission could delay the project again this year.

Once completed, this project will safeguard the services we offer on the reservation by providing alternate routing of traffic. This improvement will be performed as a matter-of-course and did not include discussions with tribal leaders. In addition, no specific funding from the tribal leadership was called upon to accomplish this work.

When projects come up where we need to perform work in the area, as with all other areas, we work with the local leaders and government organizations to receive the proper authorizations to conduct work on the reservation. During the covered period, we performed only maintenance work and no major initiatives were undertaken. Consequently, much of what we are reporting is not applicable to the covered period because no work was performed. Had we performed work on the reservation, we are certain that a number of the boxes would be completed as "Yes'.

Since our organization was not asked to begin any activities that would be outside our normal course of doing business, there has been no consultation concerning whether the services we offer are sustainable or feasible. Our customers in our serving area individually subscribe to our services and we

have direct relationship with them. As a general rule, unless there is a need to specifically request funding for services outside our normal month service charges, we don't discuss our business models or share financial information with our end users. Since the customer has choices to use service from other providers, we believe the customer is more concerned with the price, reliability and how they can use our service than whether our business is sustainable or feasible.

#### Yankton Sioux Treaty area and Reservation

Fort Randall Telephone Company operates as a wireline telephone service provider in Charles Mix County in South-central South Dakota. We characterize this area as "treaty land" because much of it has been partitioned out years ago to private tribal and non-tribal individuals. There are still parcels owned and controlled by the Native American Entity, but much of it has been conveyed to individuals. We provide voice and data (internet) service to customers living in this area.

During the time covered by this filing, we corresponded by email and by telephone with the area leadership concerning activities on the reservation. For the covered period, we did not engage in any major initiatives in the area. We have contemplated new projects to ring protect existing fiber near Marty, SD.

Prior to the study period, we had extended fiber and improved the system to provide more reliable, faster internet service in this area. This improvement was performed as a matter-of-course and did not include discussions with tribal leaders. In addition, no specific funding from the tribal leadership was called upon to accomplish this work.

When projects come up where we need to perform work in the area, as with all other areas, we work with the local leaders and government organizations to receive the proper authorizations to conduct work on the reservation. During the covered period, we performed only maintenance work and no major initiatives were undertaken. Form 481 Line No. 1010 Descriptive document for Voice Services Rate Comparability

---

Line 1010 – Description of Voice Services Rate Comparability: Provide a detailed description of how your pricing of fixed voice services is no more than two standard deviations above the applicable national average urban rate for voice service, as published annually by the Wireline Competition Bureau, as required in 47 C.F.R. § 54.313(a)(10).

On April 16, 2015 the Wireline Competition Bureau announced results of the Urban Rate Survey for Voice Services; as part the FCC Public Notice DA 14-384. Referenced in this public notice are the results required to meet the rate comparability as noted:

“Based on the survey responses, the Bureau also calculated the reasonable comparability benchmark for voice services to be \$47.48

9. Id. at 17694, para. 84.”

As required Fort Randall Telephone hereby certifies that its current fixed voice services for residential subscribers as defined in the USF/ICC Transformation Order is below \$47.48.

Form 481 Line No. 1210 Lifeline Plans Terms and Conditions

**Lifeline Terms and Conditions**

Fort Randall Telephone offers Lifeline program-supported service to qualified low-income residential consumers for one telephone line per eligible household. The Lifeline program provides discounts to eligible low-income consumers to help them establish and maintain telephone service. Lifeline assistance lowers the cost of basic, monthly local telephone service. Eligible consumers can receive \$9.25 per month in discounts. In addition, the Federal Universal Service Charge is not assessed to consumers participating in Lifeline. Toll Blocking prevents the placement of all long distance calls for which a subscriber would be charged. Toll blocking is available to eligible consumers at no cost. Also, by choosing this option, consumers are usually not charged a deposit.

**Lifeline Program Eligibility Information**

**Program Based Eligibility**

Consumers are eligible for Lifeline if they, one of their dependents or their household participate in one of the following qualifying assistance programs:

- Low-Income Home Energy Assistance Program (LIHEAP)
- Federal Public Housing Assistance (Section 8)
- Supplemental Nutrition Assistance Program (SNAP)
- Medicaid
- National School Lunch Program's Free Lunch Program
- Supplemental Security Income (SSI)
- Temporary Assistance for Needy Families (TANF)

Lifeline applicants must present documentation demonstrating eligibility either through participation in one of the qualifying federal assistance programs or through income-based means.

Acceptable documentation of program-based eligibility includes: current or prior year's statement of benefits from a qualifying state, federal or Tribal program; notice letter of participation in a qualifying state, federal or Tribal program; program participation documents; or another official document evidencing the consumer's participation in a qualifying state, federal or Tribal program.

**Income Based Eligibility**

In addition, consumers are eligible for Lifeline if their household income is at or below 135% of the federal poverty guidelines.

2015 Federal Poverty Guidelines – 135%

Household Size	48 Contiguous States and D.C.	Alaska	Hawaii
1	\$15,890	\$19,872	\$18,293
2	\$21,506	\$26,892	\$24,746

or Tribal notice of letter participating in General Assistance; or a divorce decree or child support award or other official document containing income information.

### **Tribal Eligibility**

A subscriber who lives on Tribal lands and is an eligible resident of Tribal lands is eligible for Tribal Lifeline service or Tribal Link Up if the subscriber, one or more of the subscriber's dependents, or the subscriber's household participates in any of the above-listed qualifying assistance programs or one of the following Tribal-specific federal assistance programs: Bureau of Indian Affairs General Assistance; Tribally Administered Temporary Assistance for Needy Families; Head Start (if income eligibility criteria are met); or the Food Distribution Program on Indian Reservations (FDPIR). Tribal subscribers may also qualify if the household income is at or below 135% of the Federal Poverty Guidelines.

### **Numbers of Minutes-of-Use Provided as Part of Lifeline Program Service**

Fort Randall Telephone's Voice Lifeline service includes unlimited local minutes-of-use within the toll-free calling area. Fort Randall Telephone's Voice Lifeline Plan does not include any free minutes-of-use for toll. Toll is billed at the standard toll rate depending on which interexchange carrier the consumer subscribes to for toll service. As part of the Lifeline service, Toll blocking is available to eligible consumers at no cost.

### **Rates**

Subscribers may receive the Lifeline credit on any type or grade of local service, including bundled services that are normally offered by [Company]. Advertised rates do not include any applicable taxes or surcharges.

### **Recertification of Lifeline Eligibility**

Lifeline recipients are required to recertify their eligibility annually. Failure to properly recertify a recipient's continued eligibility for the Lifeline program will result in termination of the Lifeline recipient's monthly Lifeline discount and de-enrollment from the Lifeline Program.

### **Additional Lifeline Program Information**

The Lifeline program is limited to one benefit per household, consisting of either wireline or wireless service. A household is defined, for purposes of the Lifeline program, as an individual or group of individuals who live together at the same address and share income and expenses. Lifeline is a government benefit program, and consumers who willfully make false statements in order to obtain the benefit can be punished by fine or imprisonment or can be barred from the program.
