

REDACTED- FOR PUBLIC INSPECTION

June 27, 2015

Received & Inspected
JUN 30 12 01 PM
FCC Mail Room

VIA OVERNIGHT DELIVERY

Marlene H. Dortch, Secretary
Federal Communications Commission
Office of the Secretary
445 12th Street, S.W.
Washington, DC 20554

RE: **Confidential Financial Information Subject to Protective Order in WC Docket Nos. 14-58, 10-90, 07-135, 05-337, 03-109, CC Docket Nos. 01-92, 96-45, GN Docket No. 09-51, WT Docket No. 10-208, Before the Federal Communications Commission**

Dear Ms. Dortch:

RC Technologies, a privately-held rate of return carrier receiving high cost support, has electronically submitted FCC Form 481 to the Commission with redacted financial data, in compliance with 47 C.F.R. §§ 54.313 and 54.422

As specified in the Protective Order issued on November 16, 2012 by the Commission, two copies of the redacted confidential information are being filed simultaneously with the non-redacted confidential information. The redacted information for this filing and each page of the file where confidential information has been omitted is marked "REDACTED - FOR PUBLIC INSPECTION"

Please feel free to contact me with any questions regarding this particular matter.

Sincerely,

Eric N. Votaw, Senior Manager for
Moss Adams LLP

LINE 100 INITIAL FIVE-YEAR SERVICE QUALITY IMPROVEMENT PLAN

REDACTED FOR PUBLIC INSPECTION

Response to line 510
RC Technologies
391674

Broadband Network

- Advertises the availability of its services and the charges using media of general distribution and/or on its website.
- Maintains a business office providing customers with access to a customer service representative either in person or via a local telephone call or toll-free telephone number during business hours.
- Directs after hour calls to the Company's help desk.
- Directs trouble reports to the on-call technician.
- Tracks all service orders to ensure they are completed in a timely manner.
- Measures its service connection and service interruption performance on a regular basis.
- Trains employees to:
 - Answer all incoming calls promptly.
 - Respond to all inquiries for information promptly and courteously.
 - Investigate thoroughly all customer complaints and handle appropriately according to the Company's guidelines for resolution of customer complaints.
 - Be knowledgeable about products and service offerings so they can assist the customer with selecting the best service option.
- Has a process for periodic inspection, testing and preventive maintenance of its equipment to permit the rendering of safe, adequate and continuous service at all times.
- Meets or exceeds the standards established by the state commission and provides any reports required in accordance with the state commission's rules.

Consumer Protection Rules

The Company has established operating procedures designed to facilitate compliance with applicable consumer protection rules which include compliance with the Customer Proprietary Network Information (CPNI) rules. The operating procedures include:

- Appointment of a compliance officer.
- A manual detailing the specific procedures for protecting consumer information.
- Employee training on an annual basis.
- A disciplinary process for improper use of consumer information.

If complaints are filed with the Company regarding consumer protection rules, the complaint is immediately investigated, the matter tracked and any corrective action noted. This process ensures that problems are addressed and corrections made.

Certification of Compliance with Applicable Service Quality Standards and Consumer Protection Rules for Voice and Broadband Services

Service quality standards and consumer protection rules for broadband are not as defined as the rules for voice services. The Company complies with any service quality standards and consumer protection rules for broadband that are out there now and any that will be defined in the future.

Voice Network

- Provides voice grade access to the public switched network.
- Provides flat rated local exchange service with no additional charge to end users.
- Provides access to the emergency services provided by local government or other public safety organizations, such as 911 and enhanced 911.
- Provides toll blocking and toll limitation services.
- Advertises the availability of its services and the charges using media of general distribution and/or on its website.
- Maintains a business office providing customers with access to a customer service representative either in person or via a local telephone call or toll-free telephone number during business hours.
- Directs after hour calls to the Company's help desk.
- Directs trouble reports to the on-call technician.
- Tracks all service orders to ensure they are completed in a timely manner.
- Measures its service connection and service interruption performance on a regular basis.
- Trains employees to:
 - Answer all incoming calls promptly.
 - Respond to all inquiries for information promptly and courteously.
 - Investigate thoroughly all customer complaints and handle appropriately according to the Company's guidelines for resolution of customer complaints.
 - Be knowledgeable about products and service offerings so they can assist the customer with selecting the best service option.
- Has a process for periodic inspection, testing and preventive maintenance of its equipment to permit the rendering of safe, adequate and continuous service at all times.
- Meets or exceeds the standards established by the state commission and provides any reports required in accordance with the state commission's rules.

Consumer Protection Rules

The Company has established operating procedures designed to facilitate compliance with applicable consumer protection rules which include compliance with the Customer Proprietary Network Information (CPNI) rules. The operating procedures include:

- Appointment of a compliance officer.
- A manual detailing the specific procedures for protecting consumer information.
- Employee training on an annual basis.
- A disciplinary process for improper use of consumer information.

If complaints are filed with the Company regarding consumer protection rules, the complaint is immediately investigated, the matter tracked and any corrective action noted. This process ensures that problems are addressed and corrections made.

Functionality in Emergency Situations for Voice

Back-Up Power

The Company can ensure functionality without an external power source. All of our DLC's remote locations and central offices have an 8 hour battery backup system. We have a fixed generator at our central offices and portable generators for our remote DLCs. This applies to both voice and broadband services to our customers.

Rerouting of Traffic around Damaged Facilities

are using a 10 Gig Ethernet ring throughout our company. We are also using an OC48 ring shared with adjoining companies. These provide diverse routing in case of a cable splice or other outage. The same local loop serves both the broadband and voice services for the customer.

Traffic Spikes

The company has adequate switching facilities to handle sporadic traffic spikes. It can take reasonable steps to reroute traffic or add capacity to manage traffic spikes throughout its network as emergency situations require. Broadband bandwidth is monitored on a regular basis. If usage peaks near the allotted bandwidth, we can add additional bandwidth as needed.

Traffic Spikes

The company has adequate switching facilities to handle sporadic traffic spikes. It can take reasonable steps to reroute traffic or add capacity to manage traffic spikes throughout its network as emergency situations require. Broadband bandwidth is monitored on a regular basis. If usage peaks near the allotted bandwidth, we can add additional bandwidth as needed.

Roberts County Telephone Cooperative Association

Description of Tribal Engagement

The Company provides service in the area of Sisseton Wahpeton Oyate (“SWO”) Tribe. On October 8, 2013, by letter sent via certified mail to the Tribal Chairman, Company requested a meeting with the SWO Tribe to exchange information and discuss issues related to the deployment and provisioning of communications services on Tribal lands. Company sent an email on October 31, 2013, attaching the letter previously sent, and again asked the Tribal Chairman to please contact the Company. The Company has not received a response to its letter or email.

In accordance with provisions in the FCC’s USF and ICC Transformation Order, paragraphs 636 and 637, and 47 CFR 54.313(a)(9), at the meetings with the Tribal Authorities, the Company will, with tribal input, develop a needs assessment to assist with future service deployments on Tribal lands. In particular, the Company and the Tribal Authority discussions relating to needs and service deployment will be focused on community anchor institutions. The feasibility and sustainability of communications services on tribal lands will be discussed and the Company will, with assistance from the Tribal Authorities, attempt to identify additional steps that can be taken to make essential communications services deployed on Tribal lands both feasible and sustainable. The Company and Tribal Authorities will also discuss and explore ways in which they can coordinate or partner to ensure that services are marketed on tribal lands in a manner that will relate to the community and resonate with consumers, with the aim of increasing service adoption. At such meetings, the Company will also be prepared to discuss the relevant rights-of-way and other permitting and review processes, as well as any challenges associated with these processes. And finally, the Company will come to any such meetings prepared to discuss and engage the Tribal Authorities on any relevant and applicable Tribal business and licensing requirements.

Dear Chairman Shepherd:

The Federal Communications Commission (FCC), as part of its 2012 Order reforming the federal universal service mechanisms related to telecommunications and information services, adopted new "Tribal Engagement" provisions that are intended to improve communications and foster a greater understanding between service providers and Tribal entities of the factors necessary to deploy and sustain telecommunication services on Tribal lands. See FCC Public Notice, Office of Native Affairs and Policy, Wireless Telecommunications Bureau, and Wireline Competition Bureau Issue Further Guidance on Tribal Engagement Obligation Provisions of the Connect America Fund, DA 12-1165, released July 19, 2012.

Pursuant to the FCC's rules related to Tribal Engagement Roberts County Telephone would, as soon as possible, like to begin discussions with Sisseton-Wahpeton Oyate in a manner consistent with the FCC rules. Accordingly, we would request a meeting with the Tribe and it is our hope that this meeting could be held sometime prior to the end of October, 2013. The purpose of this meeting will, generally, be to exchange information related to the deployment and provisioning of communications services on Tribal lands.

While Roberts County Telephone leaves to your discretion attendees from the tribe at this requested meeting, it is important that at least some of the tribal representative attendees at the meeting are "decision-makers," as this can change the perspectives of the discussions. Roberts County Telephone asks that Sisseton-Wahpeton Oyate provide a name and contact information for a Tribal representative who can assist in scheduling and arranging a meeting with the appropriate Tribal government staff and leaders to discuss deployment and sustainability of telecommunications services on Tribal lands. This information may be provided to the undersigned by calling (605) 637-5211 and ask for Scott Bostrom, or through an e-mail directed to sbostrom@tnics.com.

Thank you for your cooperation in this matter. We look forward to discussing these important matters with you.

Sincerely, 
General Manager, Roberts County Telephone
