

RE: MB Docket No. 15-149

August 7, 2015

Tom Wheeler
Chairman
Federal Communications Commission
445 12th Street, SW
Washington, DC 20554

Dear Chairman Wheeler,

As long time resident, community volunteer and former elected official in the City of Anaheim, I am keenly interested and supportive of any efforts that help with the economic vitality of my community. The Charter Communications, Time Warner Cable, and Bright House Networks merger would do just that in a variety of ways.

Under New Charter customers will get a fully digitized broadband network that would allow for faster Internet speeds and a cloud based guide with an innovative set top box. Customers will also benefit from the investment in in-home and out-of-home WiFi. These advanced services will be offered at a low market price tag, allowing residents of all backgrounds access to the latest technology.

With regard to the business community, New Charter will extend its commercial network which is much needed by small business owners. New Charter is also committing to American jobs. I am positively impressed and encouraged by their plans to return overseas call center jobs back to the United States.

It is because of these commitments that I support this move by Charter to buy and acquire Time Warner Cable and Bright House Networks. I hope you agree and approve the merger.

Sincerely,

A handwritten signature in blue ink, appearing to read "Gail Eastman". The signature is fluid and cursive, with a long horizontal stroke at the end.

Gail Eastman
Anaheim Mayor Pro Tem and Council Member (Ret.)
