

RE: MB Docket No. 15-149

Tom Wheeler, Chairman  
Federal Communications Commission  
445 12th Street, SW  
Washington, DC 20554

Dear Chairman Wheeler,

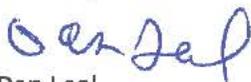

The Children's Advocacy Center for Denton County is a 501(c)3 non-profit organization serving children who have been victims of sexual or physical abuse. Our goals are to reduce the trauma to child victims when they must be involved in a criminal justice process which can add to that trauma, promote emotional healing through comprehensive counseling services to victims and non-offending family members, and help hold offenders accountable for abuse of children through a team approach to the investigation and prosecution of these crimes.

Our work is not only dependent on a staff of hardworking individuals that care deeply about this cause, but also reliant on community businesses that support our efforts and partner with us throughout each year. Charter Communications approached us two years ago about supporting the Children's Advocacy Center of Denton County. And with their support, we've been able to continue our necessary work to protect the children of Denton County. Not only has Charter Communications provided sponsorship of our annual Champions for Children Gala, but Charter has also raised awareness about the issue of child abuse by interviewing our staff for an informational program that aired throughout the DFW Metroplex.

I have been impressed with Charter Communications as a video, internet and telephone company as well as a community partner. Charter's proposal that would join the best aspects of Charter Communications, Time Warner Cable and Bright House Networks to form New Charter also is impressive and necessary. It will allow them to provide the best technology for residents and businesses in our community. I'm also excited about the future of our relationship and how that will help us make a difference in the lives to children who are victims of abuse.

I urge you to consider the merger proposal and join us in supporting New Charter.

Sincerely,

  
Dan Leal  
Executive Director
