Dear Secretary Dortch,

On April 28, 2015, Prakash Moorut, Amitava Ghosh, Mark Cudak, Tom Kovarik, and Eiman Mohyeldin of Nokia (d/b/a Nokia Solutions and Networks US LLC) held a teleconference with a number of Commission staff including Michael Ha (OET), Bahman Badipour (OET), John Schauble (WTB), Steve Buenzow (WTB), Tim Hilfiger (WTB), Matt Pearl (WTB), Charlie Olver (WTB), and Howard Griboff (IB). The purpose of the meeting was to discuss 5G requirements, standardization, spectrum and technical rules.

While this proceeding is an exempted proceeding not covered by the Commission's ex parte filing requirements, it is apparent that Commission staff wish to create a public record of the discussion in order to include technical information provided by Nokia in the public record of the proceeding. Therefore, Nokia is happy to provide this notice in the proceeding's record and to attach the primary presentation that was shared with the Commission.

Respectfully,

/Brian Hendricks//
