Dear Chairman Wheeler:

RE: Charter Communications, Time Warner Cable and Brighthouse Networks

The Louisiana Cable & Telecommunications Association, a trade association representing all the major cable communications companies operating in the state of Louisiana, is lending its voice in support of the acquisition of Time Warner Cable and Brighthouse Networks by Charter Communications.

Charter has been a member of the LCTA for over twenty years and has always exhibited strong leadership and exemplary operating standards. Given the ongoing transformation of the communications industry and the impact of perceptions versus realities, Charter has consistently supported our mission to promote a positive public image for our members and to engage in consumer advocacy. Charter Communications has received numerous awards from the LCTA, including the highest corporate and individual recognitions we bestow. We will all benefit from Charter's pro-customer and pro-broadband model as we rely more and more on safe, secure and dependable communications networks. Please add the LCTA to the list of those in support of their efforts.

Sincerely,

Cheryl P. McCormick, CEO
