RE: MB Docket No. 15-149

Dear Chairman Wheeler:

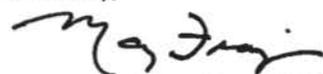

At the HEB Chamber of Commerce we recognize that our members' success is dependent on having the right set of tools. While we provide the opportunity to connect businesses to each other and our cities through face to face meetings, we know first-hand how vital technology has become in communicating company's products and services over the years.

Our member, Spectrum Business, partners with Charter Communications to provide companies in our community with the best broadband package available. Fast broadband speeds are critical to a fast-paced businesses regardless of industry.

We are aware of Charter's proposed merger with Time Warner Cable and Bright House Networks. After learning more about the merger, we believe it will be good for the businesses in Hurst and across the country.

Charter has been a supportive and participative member of the HEB Chamber of Commerce for many years, and we support their increased endeavors to expand broadband capabilities in our community.

Sincerely,

Mary Martin Frazier, CCE, IOM  
President & CEO
