JOINT DECLARATION OF KATHRYN CANCEL AND VIRGINIA O'HANLON

1. My name is Kathryn Cancel. I am Director of Customer Service for Alteva, Inc. ("Alteva") (f/k/a Warwick Valley Telephone Company), the corporate parent of Alteva of Warwick LLC ("Warwick Valley"), a rate-of-return carrier with study areas in New Jersey and New York.

2. My name is Virginia O'Hanlon. I am Alteva's Regulatory Compliance and Tax Manager.

3. In response to the Common Carrier Bureau's Public Notice DA 15-868, released July 29, 2015 ("Public Notice"), we and the members of our teams identified below engaged in an exploration of the services offered by unsubsidized competitors in the Alteva/Warwick Valley study areas in New Jersey and New York and discovered the following.

4. New Jersey. The Public Notice lists two competitive carriers in Alteva/Warwick Valley's New Jersey study area (#160135): Cablevision ("CSC Holdings") and Service Electric Cable TV, Inc. ("Service Electric"). Cablevision maintains a website (www.cablevision.com) that provides a tool that can be used to identify whether it provides service to specific addresses (the "CSC website tool"). Service Electric's website does not have a similar tool. Therefore, inquiries to Service Electric were made by calling its Customer Service Center at 800-992-0132.

5. 250 Barrett Road, Vernon, New Jersey - Census Block 340373715031002. On August 18, 2015, Virginia O'Hanlon called the Service Electric Customer Service Center and asked a representative named Nicole whether Service Electric provided services at this address. Nicole advised Ms. O'Hanlon that Service Electric does not offer service anywhere on Barrett Road or in areas close to the New York border. Instead, Nicole advised Ms. O'Hanlon that she should contact Warwick, Cablevision or Time Warner Cable to see if they provide service at those addresses. As noted in the Public Notice, Time Warner does not purport to serve this area of New Jersey, and Ms. O'Hanlon verified through the CSC website tool that CSC Holdings does not offer service at this location. Based upon a physical inspection of the area by another Alteva employee, it was observed that there are 5 residences and one historical home on Barrett Road.

6. 41 Meadow Burn Road, Vernon, New Jersey - Census Block 3403733715031002. On August 18, 2015, Kathryn Cancel called the Service Electric Customer Service Center and

reached a representative named Karen. Karen advised that Service Electric does not offer service at this location. Virginia O'Hanlon verified through the CSC website tool that CSC Holdings does not offer service at this location.

7. 100 Range Road, Highland Lakes, New Jersey - Census Block 340373715021040. On August 18, 2015, Virginia O'Hanlon called the Service Electric Customer Service Center and reached a representative named Karen. Karen advised that Service Electric never provided service at this address but that it might be able to offer service if a site survey determined that the company had cable TV facilities in place. Kathryn Cancel then requested Kevin Hagan, Alteva's Outside Plant Manager, to make a visual inspection of that address. Mr. Hagan went to there and found that there were no cable TV facilities. Virginia O'Hanlon also verified through the CSC website tool that CSC Holdings does not offer service at this location.

8. 18 Dekay Road, Vernon, New Jersey - Census Block 340373714001057. On August 21, 2015, Virginia O'Hanlon called the Service Electric Customer Service Center and reached a representative named Trish. Trish advised that Service Electric did not even have that address in its database and that the company would have to do a cable check to see if it could provide service there. Trish then looked up the address and stated that this is close to Route 94 and Warwick, New York, and that Service Electric does not always have cable that runs up that far. Kathryn Cancel then requested Kevin Hagan to make a visual inspection of that address. Mr. Hagan went to there and found that there were no cable TV facilities. Virginia O'Hanlon also verified through the CSC website tool that CSC Holdings does not offer service at this location.

VERIFICATION

I declare under penalty of perjury that the foregoing is true and correct.
