Our routine review of Schools and Libraries Program (Program) funding commitments has revealed certain applications where funds were committed in violation of Program rules.

In order to be sure that no funds are used in violation of Program rules, the Universal Service Administrative Company (USAC) must now adjust your overall funding commitment. The purpose of this letter is to make the required adjustments to your funding commitment, and to give you an opportunity to appeal this decision. USAC has determined the applicant is responsible for all or some of the violations. Therefore, the applicant is responsible to repay all or some of the funds disbursed in error (if any).

This is NOT a bill. If recovery of disbursed funds is required, the next step in the recovery process is for USAC to issue you a Demand Payment Letter. The balance of the debt will be due within 30 days of that letter. Failure to pay the debt within 30 days from the date of the Demand Payment Letter could result in interest, late payment fees, administrative charges and implementation of the "Red Light Rule." The FCC's Red Light Rule requires USAC to dismiss pending FCC Form 471 applications if the entity responsible for paying the outstanding debt has not paid the debt, or otherwise made satisfactory arrangements to pay the debt within 30 days of the notice provided by USAC. For more information on the Red Light Rule, please see "Red Light Frequently Asked Questions (FAQs)" posted on the FCC website at http://www.fcc.gov/debt_collection/faq.html.

Funding Commitment Adjustment Explanation:

After multiple requests for documentation and application review, it has been determined that this funding commitment must be rescinded in full. The FCC Form 470# 296310001099228 that established the bidding for this FRN is encyclopedic. Furthermore, a Request for Proposal was not issued to narrow the scope of the desired services to only those that you actually applied for in this funding request. FCC rules require that applicants submit bona fide requests for services by conducting an internal assessment of the components necessary to use effectively the discounted services ordered and submitting a complete description of services requested so that it may be posted for competing providers to evaluate. During our review, you were asked why the service descriptions listed on your FCC Form 470 appeared to be generic or encyclopedic. Specifically you were asked to explain how you determined the services to request on your FCC Form 470. You responded that the services listed in the FCC Form 470 were obtained from the Schools and Libraries Division (SLD)s Eligible Services List available on USACs website at: <http://www.usac.org/sl/applicants/beforeyoubegin/eligible-services-list.aspx>. Per the FCCs Ysleta Order, an applicants FCC Form 470 must be based upon its carefully thought-out technology plan and must detail specific services sought in a manner that would allow bidders to understand the specific technologies that the applicant is seeking. An FCC Form 470 should not be a general, open-ended solicitation for all services available on the Eligible Services List, with the hope that bidders will present more concrete proposals. Thus, a FCC Form 470 that sets out virtually all elements that are on the Eligible Services List would not allow a bidder to determine what specific services the applicant was seeking. Because you relied on an encyclopedic FCC Form 470, your funding commitment will be rescinded in full and USAC will seek recovery of any disbursed funds from the applicant.

Specifically you were asked to explain how you determined the services to request on your FCC Form 470. You responded that the services listed in the FCC Form 470 were obtained from the Schools and Libraries Division (SLD)s Eligible Services List available on USACs website at: <http://www.usac.org/sl/applicants/beforeyoubegin/eligible-services-list.aspx>. Per the FCCs Ysleta Order, an applicants FCC Form 470 must be based upon its carefully thought-out technology plan and must detail specific services sought in a manner that would allow bidders to understand the specific technologies that the applicant is seeking. An FCC Form 470 should not be a general, open-ended solicitation for all services available on the Eligible Services List, with the hope that bidders will present more concrete proposals. Thus, a FCC Form 470 that sets out virtually all elements that are on the Eligible Services List would not allow a bidder to determine what specific services the applicant was seeking. Because you relied on an encyclopedic FCC Form 470, your funding commitment will be rescinded in full and USAC will seek recovery of any disbursed funds from the applicant.
