Re: Proceeding Number 15-149

Dear Chairman Wheeler:

I have learned of the proposed merger of Charter Communications with Time Warner Cable and Bright House Networks. Charter Communications is one of the Township's internet service providers and provides an invaluable service to both our local government and the larger community.

The internet service that Charter Communications has provided has been shown to be a fast and reliable means to communicate with area residents and other governmental agencies.

I understand that the proposed merger will improve both internet speeds and provide improved access to underserved populations. I support this effort and am formally offering my support for this proposed merger.

Please contact me if you have any questions or comments.

Sincerely,

**WILLIAM D. CARGO**  
Township Superintendent/Manager
