

## FREMONTCHAMBER

September 8, 2015

Tom Wheeler, Chairman  
Federal Communications Commission  
445 12th Street, SW  
Washington, DC 20554

RE: MB Docket No. 15-149

Dear Chairman Wheeler,

With nearly 700 members that employ more than 12,000 people, the Fremont Chamber of Commerce represents a vibrant, regional business community in eastern Nebraska. Acting as a catalyst organization to promote collaboration, growth and development, the Fremont Chamber sees potential of ample benefits from a merger of Charter Communications, Time Warner Cable and Bright House Networks.

Fremont has developed several business parks, including Christensen Business Park, Morningside North Business Park and Fremont Technology Park that are already home to a number of companies contributing to our economic vitality. With increased investment in high-speed commercial broadband networks by the merged companies Fremont will be very well positioned to compete for more private sector growth.

Specifically, we are told, the greater financial strength of the unified operations would lead to investment of at least \$2.5 billion to upgrade commercial lines to fiber-optics. Improved infrastructure almost always improves prospects for economic development.

Therefore, based on their assurances to us, we believe New Charter would be a great partner in growing the Fremont business community, and urge your approval of the merger.

Sincerely,

Ron Tillery  
Executive Director, Fremont Chamber of Commerce
