

RE: MB Docket No. 15-149

September 2015

Tom Wheeler
Chairman
Federal Communications Commission
445 12th Street, SW
Washington, DC 20554

Dear Chairman Wheeler,

I know Charter Communications because of its public affairs interview show *Charter Local Edition* of which I am a regular participant. Charter not only provides great service in general, but provides a much needed media outlet where local information can be shared with the public. I recently learned of the merger between Charter, Time Warner Cable and Bright House Networks and believe this merger will have a positive impact on the local economy as it will allow Charter to continue with its technological innovations at a larger scale. It would also mean that *Charter Local Edition* would be an asset to even more communities.

As a Trustee and Secretary of the Board of the Riverside Community College District and years of being actively engaged in my community, I have focused on education and economic health of the region. Charter Communications has committed to a few initiatives that I believe will help with both efforts. First, they have pledged to provide a low income broadband program. As you know access to the Internet is critical for students' academic success. Adopting this program means economically disadvantaged students in my community will now have this program available to them, a better chance at being college ready and ultimately achieving successful careers.

Secondly, Charter Communications will help with improving the local economy by continuing to provide innovative services by fully digitizing its broadband network and offering faster Internet speeds. They will also invest in in-home and out-of-home WiFi. By making WiFi more readily available they help both residential customers and help businesses customers stay competitive.

New Charter is also committing to American jobs by bringing overseas call center jobs back to the United States.

It is due to these reasons I urge you to support the merger.

Sincerely,

A handwritten signature in black ink, appearing to read "Nathan Miller".

Nathan Miller, Trustee
Riverside Community College District
Secretary of the Board
Chair – Facilities Committee
