Re: Promoting Innovation and Competition in the Provision of Multichannel Video Programming Distribution Services (DN 14-261)

Dear Ms. Dortch:

I am writing on behalf of Milton Access Television. We are a local media center providing the residents of the Town of Milton. We are a non-profit organization dedicated to providing news and local information. We provide training classes, teach afterschool activities and clubs, and provide the residents with a platform to voice their opinions.

We are concerned about the impact the proposed rulemaking (DN 14-261) will have on our organization and our ability to provide Public, Educational and Government (PEG) Access services to our community. We strongly support the comments and reply comments of the City of San Antonio and of Anne Arundel County et al. in this proceeding.

We are particularly concerned about the rulemaking's proposal to classify over-the-top (OTT) video services provided by cable franchise holders as something other than a "cable service." Such a designation would allow cable franchise holders to undercut their public interest obligations.

We ask the Commission not to diminish these vital PEG public interest requirements as it considers this proposed rulemaking.

Respectfully submitted,

Michael Lynch
Executive Director, Milton Access TV
