RE: MB Docket No. 15-149

September 30, 2015

Tom Wheeler  
Chairman  
Federal Communications Commission  
445 12th Street, SW  
Washington, DC 20554

Dear Chairman Wheeler,

The Fox-Wolf Watershed Alliance identifies issues and advocates effective policies and actions to protect, restore and sustain the water resources of Wisconsin's Fox-Wolf River Basin. We have benefited from many community partners over the years, including Time Warner Cable. We are excited to lend our support to Time Warner Cable's merger with Charter Communications and Bright House Networks, and believe the new company New Charter will be great supporter of nonprofits like ours.

New Charter would work to engage in local issues with the goal of connecting with consumers outside of its traditional broadband services. The company wants the communities it serves to thrive. It understands it has a major role to play, and is eager to connect with residents, area businesses and the public sector in order to fit the needs of the community. Solutions to environmental conservation deserve responses from all influencers, and New Charter would be pleased to do its part to benefit communities like Appleton, Wisconsin.

Time Warner Cable's support has gone a long way to helping our community pursue environmental conservation. We really appreciate the company's efforts, and are thrilled to begin work with New Charter in the future.

Sincerely,

A handwritten signature in blue ink that reads "Kelly Reyer".

Kelly Reyer

Outreach Coordinator, Fox-Wolf Watershed Alliance
