ASSEMBLYMEMBER, TWENTY-SIXTH DISTRICT

RE: MB Docket No. 15-149

Tom Wheeler
Chairman
Federal Communications Commission
445 12th Street, SW
Washington, DC 20554

Dear Chairman Wheeler,

I am writing regarding proposed cable broadband company New Charter. As a California State Assemblyman, I urge that the company's merger be approved so that my constituents can benefit from its high-quality products. I believe New Charter would serve in the interest of consumers and also bring economic growth to California through a commitment to investing in new jobs.

New Charter would combine Charter Communications, Time Warner Cable and Bright House Networks. The company would be focused on bringing the latest technologies to consumers at reasonable prices so that businesses and individuals could connect to broadband efficiently and effectively.

New Charter would make a substantial commitment to job growth in an effort to improve its ability to deliver quality customer care. Specifically, it would bring back to the United States overseas Time Warner customer call centers. Charter has already made similar moves with its own call centers, and has witnessed the positive impact it has had on customer care.

I support New Charter because it would boost American jobs and recognizes the importance of customer care. I ask that you consider the benefits of the merger and lend your approval.

Sincerely,
