

FARMERS BRANCH

From the Office of
Mayor Bob Phelps

September 22, 2015

Tom Wheeler, Chairman
Federal Communications Commission
445 12th Street SW
Washington, DC 20554

Re: MB Docket No. 15-149

Dear Chairman Wheeler:

This correspondence comes to you as an instrument of support for the merger of Charter Communications, Time Warner Cable and Bright House Networks. We believe this merger would be extremely beneficial to our residents, including high-quality broadband through a commitment to network neutrality.

We understand the new company, 'New Charter' would allow customers to choose the best service for their individual needs by offering a wide variety of broadband options. New Charter would also provide a digitized system including cloud-based technology.

It is important that our residents have many options for broadband service, but it is also important that they work with a company that assures network neutrality. This policy ensures that no domains are favored online and that customers have unlimited access to the Internet. We understand New Charter would commit to this by promising never to issue data caps or usage-based billing.

We believe our residents would be pleased with New Charter's broadband services and ask that you consider approval of this merger.

Sincerely,

Bob Phelps
Mayor
