

RE: MB Docket No. 15-149

September 10, 2015

Tom Wheeler  
Chairman  
Federal Communications Commission  
445 12th Street, SW  
Washington, DC 20554

Dear Chairman Wheeler,

I appreciate the time and effort that you and the FCC put into ensuring our nation has access to an effective, efficient and affordable communications infrastructure. Today, I write in support of a merger that I believe will help further those important goals.

As an elected official in Vancouver, Washington, one of my foremost concerns is ensuring this region remains strong economically. Vancouver is home to a large Charter call center that employs more than 600 people. Not only is this center important to its workers, but it's also important to the many Charter customers who have local access to customer service. So I am glad to know that New Charter is planning to 'in-source' call centers that were previously moved overseas. This will be a great benefit to many other communities like ours.

Our region's experience with Charter gives me great confidence that New Charter will be a positive step for the broadband industry and for my constituents. I ask you to please support this important merger.

Sincerely,

Representative Brandon Vick  
18<sup>th</sup> District – Washington State Legislature
