RE: MB Docket No. 15-149

Dear Chairman Wheeler,

St. Tammany Parish in Southeast Louisiana is a vibrant and growing community. We are increasingly attracting residents from across the state and the nation who are looking for a welcoming, safe and prosperous place to raise families and do business. Our government is doing everything it can to promote economic development and foster an attractive business environment. Our residents understand the value of high-quality technology and have come to expect superior products and service. We are excited about Charter's potential growth and believe it will benefit our community.

We have been very happy working with Charter over the years, and we hope that the Charter / Time Warner Cable merger will provide the residents of St. Tammany Parish even more benefits. We are confident that the superior level of service provided by Charter will continue to be a value to our community.

Sincerely,

Patricia P. Brister
Parish President
St. Tammany Parish Government
