RE: MB Docket No. 15-149

Dear Chairman Wheeler and Commission Members,

The Willmar Lakes Area Chamber of Commerce urges the Federal Communication Commission to support the Charter Communications merger with Time Warner Cable (TWC) and Bright house Networks (BHN).

The Willmar Lakes Area Chamber represents over 600 business and professional members throughout Kandiyohi County. The Willmar Lakes Area is a regional center for many entities including health care, business and industry, agriculture, various forms of government and education. In addition to enhancing the quality of life in our area, we promote and advocate for the area wide business community, which in turn, contributes to the strong tax base in the Willmar Lakes Area as well as the State of Minnesota. We are fully supportive of any efforts by our members to enhance and grow businesses through partnerships and collaborations such as Charter Communications on the merger with Time Warner and Bright House Networks, and this partnership would afford them that opportunity.

If the Willmar Lakes Area Chamber of Commerce can be of any further assistance, please do not hesitate to contact us. We look forward to receiving the announcement that the Charter Communications merger with Time Warner Cable (TWC) and Bright House Networks (BHN) request to merge has been granted which will continue to allow Charter Communications to support their growing commitment to our community and others in their service territories.

Sincerely,

A handwritten signature in blue ink, appearing to read "Ken Warner".
