Dear FCC,

My name is Sophia Zaman and I live in Chicago, IL.

The principles of user choice and control are vitally important for a vibrant wireless ecosystem. But as written, the NPRM threatens to undermine these ideals by limiting what users can do with their devices. That's a concern, because I want to be able to update my own wireless software?not rely on slow manufacturers shipping updates.

The draft rules could enable device manufacturers to forbid third-party software, which would

keep me from using my custom wireless configuration.

The Internet is where we can express ourselves without paying

Sincerely,

Sophia Zaman
