RE: Proceeding No. 15-149

Dear Chairman Wheeler:

The purpose of this correspondence is to offer my support for the proposed merger between Charter Communications and Time Warner Cable.

As City Manager, I strive to provide the best service possible to my community in the most efficient and effective manner available. I believe that this merger will ultimately provide additional benefits to my entire community across our residential, industrial, commercial, and public sectors.

In my tenure as Manager for the City of Cadillac, I have worked with Marilyn Passmore, Charter's Director of Government Affairs in Michigan, and her predecessor, and can attest through experience that they are very customer service focused, and always willing to assist in working through issues of various magnitudes. I am excited to think what the future may hold for our community and others should the merger be approved and additional resources and infrastructure become available for our communities.

Please note that this letter is in support of the merger, and states my personal opinion, not necessarily the opinion of the City of Cadillac, Michigan.

Sincerely,

A handwritten signature in black ink, appearing to read "Marcus Peccia", written in a cursive style.
