
DALLAS REGIONAL CHAMBER®

October 23, 2015

The Honorable Tom Wheeler
Chairman
Federal Communications Commission
445 12th Street, SW
Washington, DC 20554

Dear Chairman Wheeler:

On behalf of the Dallas Regional Chamber, I encourage you to support the proposed merger of Charter Communications, Time Warner Cable, and Bright House Networks into New Charter.

The Dallas region has a vibrant innovation and technology industry, and it is important that we continue to build our broadband infrastructure. New Charter will benefit our region and bring enhanced services to our members.

If the merger is approved, New Charter plans to build one million residential network lines and invest at least \$2.5 billion in the building of commercial networks. With innovative products, high-quality customer service, and faster internet experience at a better value, New Charter will add competition to the cable broadband industry.

In addition to more options and increased broadband speeds, New Charter will provide new investments and jobs across the United States. The organization will hire and train thousands of new employees for customer service call centers and field technical operations.

I hope you will strongly consider the benefits of New Charter and approve the merger.

All best wishes,

Dale Petroskey
President and CEO
