Re: Required 700MHz Plan Modifications

Dear Mr. Evanoff,

As Chairman of Region 54 700MHz Regional Planning Committee, I request an extension for the required plan modification due originally on October 30<sup>th</sup> 2015 to be extended to January 30<sup>th</sup> 2016.

Region 54 is actively working on plan modifications and feel confident that the work we have completed will be sent for adjacent Region concurrence on or before December 1<sup>st</sup> 2015. Currently the modified plan is out for comments within the Region itself awaiting comments from our members.

January 30<sup>th</sup> 2016 will provide adequate time for the four adjacent Regions to review our plan, provide comments, respond to any comments, make any necessary changes, resubmit to the particular adjacent Region and then file with the FCC.

If you should have any questions, please contact me directly at 815-405-0998 or via email: [ckindelspire@grundy911.org](mailto:ckindelspire@grundy911.org)

Sincerely,

A handwritten signature in black ink, appearing to read "Chris Kindelspire". The signature is written in a cursive style.

Chris Kindelspire  
Region 54 700MHz Chair
