2015 Latin American Festival

25th Anniversary

RE: MB Docket No. 15-149

August 13, 2015

Tom Wheeler

Chairman

Federal Communications Commission

445 12th Street, SW

Washington, DC 20554

Dear Chairman Wheeler,

As a Coordinator at Centro Las Americas in Worcester, Massachusetts, it is my pleasure to write a letter in support of the proposed merger of Charter Communications, Time Warner Cable and Bright House Networks.

Centro Las Americas has offered the highest quality of social services for the community since 1977 and has earned us the reputation as the primary Hispanic Community Service provider in Central Massachusetts. We are proud to partner with Charter Communications, a company that has been an ongoing supporter of our Latino community and a supporter of our annual Latin American Festival.

Last year Charter launched a Latino View level of service adding over 50 new digital channels for its customers in New England. The new channels featured a broad range of programming choices including news, movies, sports, family and children's programs from Mexico, Latin America and Spain which was very exciting and responsive to the needs and interests of our community.

Latino View is a great compliment to the programming already available on Charter. I am pleased that Charter is committed to providing relevant programming that reflects the diversity of the region and brings value to its Spanish speaking customers.

In conclusion, I fully support the merger and ask you approve so more communities across the country can experience what Charter has to offer from their advanced technology, products and services and the support they provide many non-profit organizations in the communities they serve.

Sincerely,

Dolly Vazquez
Festival Coordinator
