Tom Wheeler, Chairman
Federal Communications Commission
445 12th Street, SW
Washington, DC 20554

Dear Chairman Wheeler,

I am writing in support of the merger of Charter Communications, Time Warner Cable and Bright House Networks into New Charter. As a State Legislator, I am dedicated to increasing business and employment opportunities in our community. New Charter will provide the essential broadband technology to support this growth.

The benefits to consumers would be immediate because the merger will combine the best of the three companies. All of which are committed to faster Internet, affordable prices, transparent billing and American jobs.

New Charter also understands that broadband services are necessary for many to succeed, including students, and will ensure that children in low-income homes have the same opportunities as their peers to study and perform at the highest levels.

I believe this merger will be very beneficial to our local community, as well as our state and ask for your support.

Sincerely,

A handwritten signature in black ink, appearing to read "Neil Combee".
