Dear FCC,

My name is Sean and I live in Watertown , NY.

The principles of user choice and control are vitally important for a vibrant wireless ecosystem. But as written, the NPRM threatens to undermine these ideals by limiting what users can do with their devices. That's a concern, because Net neutrality!!!

The draft rules could enable device manufacturers to forbid third-party software, which would make me feel less safe about the wireless networks I use and operate.

We want net neutrality and we want it forever!

Sincerely,

Sean
