

Borden County ISD – Gail, Texas
Ricky Martinez

We are respectfully requesting an extension for ERATE BEAR form 427 filing 2014-2015. Our school district requested discount billing but paid full service for ERATE year 2014-2015. The provider of service (AT&T Mobility) has been paid the full amount. We would like the opportunity to receive the reimbursement even though the deadline has passed. Additional information can be provided if needed.
