

60001334484.txt

My family lives in an area where the broadcast signal is so poor that we are unable to take advantage of free, over the air broadcast television. We don't want to pay for cable to simply watch channels that are being broadcast for free.

We want to watch Broadcast TV online! We want TV neutrality now. Vote to give Internet distributors of Broadcast TV the same rights as big cable, satellite and telcos!
