Please do not allow the pending cable merger to stop One America News Network from continuing its important work providing news to the American Public. All other news networks are rife with opinions, entertainment news and biased journalism, while OAN strives to provide more neutral reporting. We need more news networks like OAN, and if corporate America succeeds in silencing them, we will have lost a great opportunity to bring back journalistic integrity to TV news. Even the public stations too often take sides in an increasingly polarized America. Please do the right thing, and support One America News Network in their important work. They are one of a kind.

Sincerely,
