Schools and Libraries Program Correspondence

Applicant #137399

I am requesting a Deadline Waiver as I missed the Form 472 Deadline for the 2014-15 Funding Year. The deadline was 10/28/15. I would ask for your one-time consideration. Recently, we have had family health issues as well as coping with the sudden death of my husband. There were extenuating circumstances unfortunately for missing this deadline.

The FRN's are 2697657 & 2697908.

471 Application Number:986120

As it is only 10 business days after the deadline, I am requesting and hoping for a one-time extension in order to submit the Form 472 for these items.

I hope that you consider this request. Please see the following contact information for additional questions.
