Dear FCC,

My name is Manuel Gomez and I live in Chinno valley, AZ.

The principles of user choice and control are vitally important for a vibrant wireless ecosystem. But as written, the NPRM threatens to undermine these ideals by limiting what users can do with their devices. That's a concern, because I want to be able to update my own wireless software?not rely on slow manufacturers shipping updates.

The draft rules could enable device manufacturers to forbid third-party software, which would make me feel less safe about the wireless networks I use and operate.

To whom this may concern,
I am truly outraged about everyone trying to take every ones money, we are supposed to help eachother succeed not cripple eachother. We all have rights that are in danger of being taken away. So I want net neutrality thank you.

Sincerely,

Manuel Gomez
