Dear FCC,

My name is Joe Garza and I live in Commerce City, CO.

The principles of user choice and control are vitally important for a vibrant wireless ecosystem. But as written, the NPRM threatens to undermine these ideals by limiting what users can do with their devices. That's a concern, because I want to be able to update my own wireless software?not rely on slow manufacturers shipping updates.

The draft rules could enable device manufacturers to forbid third-party software, which would make me feel less safe about the wireless networks I use and operate.

I re-flash all the routers in my home to use DD-WRT. This allows me to unleash the potential of my router and gives me full control over things I normally would not be able to do.

Sincerely,

Joe Garza
