"I feel held hostage by Big Cable.

If all I want are the local channels and PBS, WHY should I have to buy a big bundle of completely irrelevant channels? It's really very frustrating and unfair. When I heard about Telletopia today, I was encouraged!

PLEASE vote in favor of TV neutrality and to allow Internet distributors of Broadcast TV the same broadcasting rights as Big Cable. IT'S TIME. It's the right thing to do! The grip that Big Cable has on everyone is just so wrong, so manipulative, suffocating, even "mafiosa". Please consider the public's interest here and vote to deregulate TV.

Thank you!
