Dear FCC,

My name is Joe Gearhart and I live in Mishawaka, IN.

The principles of user choice and control are vitally important for a vibrant wireless ecosystem. But as written, the NPRM threatens to undermine these ideals by limiting what users can do with their devices. That's a concern, because I don't want to see community innovations, such as mesh networking, get cut off.

The draft rules could enable device manufacturers to forbid third-party software, which would keep me from using my custom wireless configuration.

Please keep innovation possible

Sincerely,

Joe Gearhart
