RE: MB Docket No. 15-149

October 2, 2015

Tom Wheeler
Chairman
Federal Communications Commission
445 12th Street, SW
Washington, DC 20554

Dear Chairman Wheeler,

I am writing in support of the proposed Charter merger with Time Warner Cable and Bright House Networks. I applaud the goals of the proposed merged organization, New Charter, to increase the number of public Wi-Fi hotspots, to extend its 60 Mbps entry level package at a very competitive cost, and to fully execute on a plan to digitize all the customers that are new via the merged organizations. These goals speak to services and opportunities which benefit the residents of my community. Further, I am confident that New Charter will continue its practice of responsive customer service. Newtown has had a positive relationship with the public access teams and has been able to successfully engage customer services at every level of concern. I support Charter's efforts to grow in capacity and view this proposed merger as potentially beneficial to this community.

Sincerely,
