[CUSTOMER NAME]  
[CUSTOMER ADDRESS]

Dear Valued Customer:

On November 16, 2015, Cable & Wireless Communications, Inc. (“**C&W**”) and CWC New Cayman Limited (“**CWC**”) agreed to assign C&W’s United States business operations, including its U.S. assets and customer accounts, to CWC. The owners of CWC are the majority owners of C&W and CWC’s operations will be run by the same management and technical personnel as currently run C&W’s operations.

Please rest assured that the assignment of your account to CWC will not affect the services and facilities you currently receive. You will continue to receive telecommunications services and facilities from CWC with the same features and at the same rates, terms and conditions as you currently enjoy. Any changes to your service following the transaction will be made in compliance with your contract, service terms and applicable federal and state legal and regulatory requirements. CWC will automatically become your provider on or after the 30th day following the date of this notice.

This change of provider of your telecommunications services and facilities will be completely seamless for you, and you do not need to do anything in order for it to occur. CWC will be responsible for any change fees associated with transferring your service. However, it is important that you be aware of the following information. You are responsible for continued payment of your invoices throughout this period. Unless you exercise your right, subject the terms of your contract or service order(s), to switch your telecommunications services to a different telecommunications company prior to the date that such services are transferred to CWC,<sup>1</sup> your telecommunications service(s) will automatically be transferred without service interruption from C&W to CWC.<sup>2</sup> In addition, if you paid a deposit or prepayment, it will be transferred to your CWC account.

---

<sup>1</sup> Should you choose another provider for your telecommunications services you will need to contact that provider directly to arrange for the change before CWC becomes your provider. Please note that you may incur service initiation fees from a new provider such as service order, installation and other similar charges associated with establishing a new service account. Please review your contract or service order(s) with C&W to determine if there are any fees imposed by C&W if you switch to a new carrier during the term of your contract.

<sup>2</sup> If you have previously arranged for a preferred carrier “freeze,” CWC will suspend that freeze in order to make the transfer and reinstate it upon completion of a transfer to CWC. If you select an alternate telecommunications provider prior to a transfer to CWC, you will need to have that provider reinstate your preferred carrier freeze.
