PLEASE DO NOT DROP ONE AMERICA NEWS NETWORK! It is the ONLY News Channel that reports the facts about whats going on in the world. My husband and I enjoy watching it and the Daily Ledger everyday. Even the commercials are interesting & educational. Why would you remove such a great & educational network like OANN but promote NON-reality shows like Keeping up with the Kardashians etc. (which have no educational value what so ever!)? At this destructive time in our country you should be promoting them more than ever so that more people will know the truth about whats going on! If other news networks were like OANN people would be paying attention and actually know whats going on!
