Tom Wheeler  
Chairman  
Federal Communications Commission  
445 12th Street, SW  
Washington, DC 20554

Dear Chairman Wheeler,

Huntsville, Alabama is a city centrally located in the northernmost part of the state, in Madison County. Alabama's District 53 covers parts of both Huntsville and Madison County, and as the state representative serving this district, I am writing in support of New Charter - the proposed merger between Charter Communications, Bright House Networks and Time Warner Cable.

As an elected official, one thing I hear about on a regular basis is jobs and the economy. New Charter is a merger that will help my constituents in this regard. New Charter is committed to creating jobs – specifically American jobs. By hiring for customer service call centers and field technician operations located throughout the country, their goal is to return jobs to American soil.

Increased broadband speeds are also important to the people of Alabama's 53<sup>rd</sup> District, and New Charter plans to make comprehensive and significant investments in its broadband network. Initially, they will transition Bright House Networks and Time Warner Cable systems to all-digital networks. This will enable consumers to take advantage of at least 60 Mbps download speeds. With these speeds come more on demand video and HD options.

Finally, New Charter will offer broadband that is not only fast and reliable, but also affordable. New Charter will price the speeds mentioned above based on Charter's current model. This includes pricing that is straightforward and nationally uniform – with no early termination or modem fees.

This merger will have many benefits for Alabama's 53<sup>rd</sup> District. As their representative, I call on the FCC to approve the transaction.

Sincerely,

A handwritten signature in cursive script that reads "Anthony Daniels".

Representative Anthony Daniels  
Alabama House of Representatives
